CANCELLED APPOINTMENTS

We realize things come up and you may not be able to keep your appointment with us. No problem. All we ask is that you are courteous enough to give us a call and let us know. If you fail to notify our studio, we will not schedule an appointment unless you pay your session fee over the phone. Obviously not all situations are the same, but please be mindful that we are a small business, and scheduling staff for appointments that students don't keep is expensive.

LATE APPOINTMENTS

We cancel your appointment if you are more than 15 minutes late. We do not double book appointments; each 30-minute session is scheduled just for you. We expect you to arrive a few minutes early for your appointment. While we understand circumstances may cause you to be late, we also would like you to understand that our next appointment will not be kept waiting because you were late. If we can accommodate your tardiness in our schedule, we will make every effort to do so, but we also ask that you call to notify us that you are running late.

APPOINTMENT REMINDERS

24 hours before your appointment, you will receive a text message and/or an email from us reminding you of your appointment and our address. Please use this reminder to make sure you are prepared for your session.

YOUR PORTRAIT SESSION

What session should I select? We offer sessions for everyone, whether you just want to be included in the yearbook, or want a two-hour photo session highlighting different aspects of your

life. Your school yearbook includes two photos of you: a formal and a casual photo. The formal clothing for boys is a tuxedo, and the formal for girls is a drape. These choices are non-negotiable and are required by your school. The studio supplies both of the formal wear. The casual clothing photo is your choice. Many of your peers choose to take their casual photo wearing the cap and gown. We supply the cap and gown as well. If all you want is the basic session, our Traditional session works well. You can do your formal and casual. It usually takes about 20 minutes. The cost is \$20. You may choose to skip the cap and gown and wear whatever you prefer. (i.e.; letterman's jacket, sports uniform, have props etc.) These are your portraits, so the possibilities are endless!

May I include a pet in my photo shoot? Absolutely! Depending on your school, some allow pets to accompany the student in the yearbook, some don't. Please check with our staff if your school will allow a pet in the yearbook with you. Either way, we are happy to photograph you with your beloved family members.

IMAGE EDITING AND SELECTION

All images submitted to the yearbook will be retouched. Retouching includes these basic services:

- Teeth whitening
 - Fly away hair removal
 - Skin blemish removal
 - Cropping
 - Sharpening
 - Color adjustments
 - Whitening eyes
 - Softening of pores of skin
 - Any other defects or distracting elements removed
- Immediately after your photo session, you will receive proofs. You will be asked to select the two photos you want for the yearbook prior to leaving the studio. Once you have made your choices, you will be asked to enter the image numbers directly into our computer system. While doing so, you will be asked if you have any specific retouching notes. This is the opportunity to notify us if you wish to have a piercing removed, a mole left untouched, tan lines removed etc. We stick to the basic retouching above unless otherwise noted and discussed. Most retouching can be done for free, but sometimes there are extra charges i.e.:
- Braces removal
 - Evening of skin color due to sunburns
 - Extensive glass glare
 - Any request not handled by our in-house retouching staff

HOW AND WHEN DO I ORDER?

There is no deadline and pressure to order with Cherished Memories Photography. We understand that everyone has a budget, specific expenses, etc. throughout the year that dictates when you can order. Throughout the year we try to offer different incentives, coupons and specials to help our customers afford their desired packages. Always ask our staff if there is an available special currently running. Almost 100% of the time there is.

You may place your order online, over the phone, by mail, or on our website. We try to make it as easy as possible. We prefer if you come in and see us when you place your order, that way we can make sure you get everything you want/need for the best price. Our online ordering system is slightly more expensive due to the cost of hosting the images online.
