

# Schoolwide Learner Outcomes

As lifelong-learners in the 21st Century, CMI cadets will:

## Think Critically

- Master the Common Core State Standards in order to understand and apply knowledge
- Construct and judge the validity of a logical argument
- Evaluate and judge the accuracy, reliability, and credibility of web-based content
- Analyze, interpret, and synthesize information in order to compose constructed responses

## Communicate Effectively

- Read and write at an appropriate grade level
- Demonstrate effective oral and listening skills
- Use English to express themselves clearly
- Read and comprehend information
- Speak with confidence within a group and to an audience
- Demonstrate writing skills through reports, letters, essays, and creative writing assignments
- Differentiate between formal and informal correspondence

## Use Technology Responsibly

- Understand media literacy
- Receive, process, and send information
- Develop documents, graphs, and charts

## Model Citizenship Productively

- Assume responsibility for academic choices and actions
- Demonstrate social and cross-cultural skills
- Develop solutions to real-life problems
- Demonstrate leadership, character, and responsibility
- Earn a diploma or certificate of completion
- Develop a plan for post graduate life
- Exhibit good study habits that include regular school attendance, lack of tardies, and effective time management to accomplish projects
