

PERRIS UNION HIGH SCHOOL DISTRICT

COMMUNITY CONCERNS FROM

JULY 16, 2014

BOARD OF TRUSTEES MEETING

AND

RESPONSES BY DISTRICT ADMINISTRATION

CONCERN: At the Governing Board meeting for the California Military Institute (CMI), a member of the public asked the District to consider naming a facility or area of CMI to recognize Principal Rick Wallis' contributions for the past 10 years to the overall success of the school.

RESPONSE: While it is clear that Principal Wallis deserves a lot of credit for the success of the school, District Administration is concerned that naming buildings on behalf of employees can become both sensitive and controversial, as well as a dangerous precedent to set.
