TAB 1.

1) Pinacate Mission Statement

Pinacate Middle School will inspire and support **college and career readiness** and the personal success of every student every day by providing a safe, positive learning environment, effective instruction, targeted intervention, and active parental involvement.

2) Pinacate Vision Statement

The vision of Pinacate Middle School is to prepare and support all students to be their BEST to become **college and career ready** and productive, contributing members in a competitive global society.

School Climate

At Pinacate, an attitude of enthusiasm and optimism reigns throughout the entire campus. Students come to Pinacate excited to learn because they feel connected in and out of the classroom. Classes such as ASB, Renaissance, AVID, fine arts electives, and after-school sports and clubs foster positive relationships with their peers and teachers. Award assemblies and spirit days are carefully planned and carried out to motivate our students toward improved behavior, to celebrate high academic achievement, and to establish goals leading toward proficiency.

Students

Students meet high academic and behavioral expectations by being RESPECTFUL. They are punctual, carry their supplies, have positive attitudes and are thoughtful to others. They understand that bullying and gossiping are not allowed, and if they are involved in these activities, they are given clear strategies to resolve these problems peacefully by “taking care of business”. In the classroom, students are constantly engaged. They strive each day to accomplish every class assignment, complete all of their homework and always give a sincere effort on formative assessments and benchmarks. Outside of the classroom students are connected and involved in extracurricular clubs and activities to help them have a more positive and edifying middle school experience.

Teachers

Teachers believe wholeheartedly that every student can learn and they differentiate instruction to facilitate each child's mastery of grade-level standards. Teachers make every effort to provide engaging and effective standard-based instruction. Each week teachers attend professional learning communities allowing them to examine test data, determine successes and challenges, and to collectively decide the next steps necessary to deliver the highest quality instruction possible. Explicit, bell-to-bell instruction of curriculum-based content skills and academic vocabulary is provided by implementing structured interactive strategies requiring students to develop higher-order thinking skills. Constant checks for understanding are used throughout each period allowing teachers to make adjustments to ensure that instructional objectives are met, and to maintain a sense of urgency towards achieving proficiency.

Parents and Community

Parents are recognized as a vital component to the education of our students. Staff continuously invites parents to volunteer on campus, participate in activities and to observe instructional practice. Our community liaison encourages parents to join parent councils and organizations and to be active participants in parenting classes provided by Pinacate. Parents, staff and neighborhood businesses collaborate to provide resources for our school and to help needy families residing in our community.

Counselors and Interventions

The counseling staff of our school diligently works to assist our students with overcoming the burdens that they bear while attending our school. Effective counseling groups and programs help students overcome these challenges, deal effectively with peer pressure, and develop essential social and life skills. Our Pyramid of Intervention organizes and provides timely, purposeful, and progressive interventions according to student need. Benchmark, strategic and intensive interventions are provided inside and outside of the classroom enabling students to behave successfully and progress academically.

Support Staff

All classified staff members understand the importance of their positions and strive to accomplish their responsibilities to reinforce learning throughout the day. All support staff are treated equally by other stakeholders and are constantly recognized as vital team members and professionals striving to realize our mission of proficiency.

Administrators

High visibility and accessibility of administration to all stakeholders communicate a strong sense of urgency, responsibility and caring throughout the campus. Administrators strive to be instructional leaders by attending and supporting a quality PLC process, by daily observance of classroom instruction, and by holding themselves accountable for the overall environment and instructional practice throughout the campus. Above all, administrators are focused on student progress towards academic achievement, supporting and motivating the staff, and communicating consistently to all students and parents.

TAB 3. Law Enforcement Interventions or Law Enforcement Crime Reports

All personnel are expected to maintain a safe environment for students by confiscating any suspicious material or item that may cause injury or be used as a weapon. The student(s) are then interviewed, including any witnesses, to determine due process for the situation based on District guidelines.

Any incidence of graffiti vandalism is reported to District maintenance personnel for prompt removal.

Employee Photo Identification Badge

Each Perris Union High School District employee will be issued a photo identification badge, which shall be worn in a readily visible location throughout the workday, except when such a practice presents a legitimate safety risk. Whenever an employee leaves the district, the assigned worksite is responsible for collecting the identification badge from the employee. The site will forward the former employee's badge to the Personnel department. Personnel will remove the former employee's name from the master list.

The district will photograph new employees who are to receive photo identification badges as part of the new employee sign up procedure. Until the employee photo identification badge is issued to the new employee, the employee will wear a temporary badge. Upon receiving the permanent badge, the employee will return the temporary badge to the issuing worksite receptionist or designee.

Photo Identification Badges will be issued to all employees of the Perris Union High School District including board of trustees.

All employees are required to wear their photo identification badge at all times when they are on duty, including evenings and weekends. Any employee or individual who does not bring his/her photo identification badge to work must report to a receptionist or designee to obtain a "visitors" badge.

An employee who consistently fails to wear his/her photo identification as defined by this regulation may be subject to disciplinary action. Replacement badges are provided by the worksite and will be obtained at the employee's expense.

Visitor Badges

Anyone entering the PUHSD main office or any school site who is not wearing a photo identification badge must check with the receptionist or designee for a visitor's badge. District employees participating in staff development activities while at the district office must wear their site photo identification badge or obtain a visitor badge from the receptionist or designee.

Visitors must wear their badge at all times while on PUHSD property. When his/her business is concluded the visitor must return the visitor badge to the receptionist.

The Governing Board recognizes that students and staff have the right to a safe and secure campus free from physical and psychological harm and desires to protect them from the dangers presented by firearms and other weapons.

The Board prohibits any student from possessing weapons, imitation firearms, or other dangerous instruments, as defined in law and administrative regulation, in school buildings, on school grounds or buses, at school-related or school-sponsored activities away from school, or while going to or coming from school.

Under the power granted to the Board to protect the safety of students, staff, and others on district property and to maintain order and discipline in the schools, any school employee is authorized to confiscate any prohibited weapon, imitation firearm, or dangerous instrument from any student on school grounds.

The principal or designee shall notify law enforcement authorities when any student possesses a firearm, explosive, or other prohibited weapon or dangerous instrument without permission, sells or furnishes a firearm, or commits any act of assault with a firearm or other weapon.

Possession of Pepper Spray

To prevent potential misuse that may harm students or staff, students are prohibited from carrying tear gas or tear gas weapons such as pepper spray on campus or at school activities.

Reporting of Dangerous Objects

The Board encourages students to promptly report the presence of weapons, injurious objects, or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

The Governing Board desires to keep district schools free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence or disruptive behavior. The Superintendent or designee shall take steps to deter gang intimidation of students and staff and confrontations between

members of different gangs. He/she shall exchange information and establish mutually supportive efforts with local law enforcement authorities.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources.

The Board realizes that many students become involved in gangs without understanding the consequences of gang membership. Gang violence prevention education shall start with students in the early elementary grades and may start in kindergarten.

To further discourage the influence of gangs, the Superintendent or designee shall ensure that school rules of conduct are enforced consistently and that all students have access to counselors and other appropriate resource personnel as needed. If a student exhibits signs of gang affiliation, staff shall so inform the parent/guardian.

In accordance with Governing Board policy, individual schools that have a gang presence may, in their safety plans, include school wide dress codes which prohibit the presence of gang-related apparel at school or school activities. School wide dress codes shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus.

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

Prevention and Intervention Measures

In order to discourage the influence of gangs, school staff shall take the following measures:

1. Any student displaying behavior, gestures, apparel or paraphernalia indicative of gang affiliation shall be referred to the principal or designee.
 - a. The student's parent/guardian shall be contacted and may be asked to meet with school staff.
 - b. The student may be sent home to change clothes if necessary.
 - c. Students who seek help in rejecting gang associations may be referred to community-based gang suppression and prevention organizations.
2. Any gang graffiti on school premises shall be removed, washed down or painted over as soon as discovered.
 - a. Daily checks for graffiti shall be made throughout the campus.
 - b. Graffiti shall be photographed before it is removed. These photographs shall be shared with local law enforcement authorities and used in future disciplinary or criminal action against the offenders.
3. Classroom and after-school programs at each school shall be designed to enhance individual self-esteem, provide positive reinforcement for acceptable behavior, and foster interest in a variety of constructive activities. These programs may:
 - a. Explain the dangers of gang membership

- b. Provide counseling for targeted at-risk students
- c. Include lessons or role-playing workshops in nonviolent conflict resolution and gang avoidance skills
- d. Assign individual gang members to cooperative learning groups in which they may work toward common goals with students who are not members of their gang
- e. Provide school-to-career instruction

Gang prevention lessons may be taught jointly by teachers and law enforcement staff.

4. Staff shall actively promote membership in authorized student organizations which can provide students companionship, safety, and a sense of purpose and belonging, including:

- a. Positive sports and cultural activities and affiliations with the local community
- b. Structured, goal-oriented community service projects

Community Outreach

Gang prevention classes or counseling offered for parents/guardians shall address the following topics:

1. The dangers of gang membership
2. Warning signs which may indicate that children are at risk of becoming involved with gangs

Section III – Identify appropriate strategies and programs that provide or maintain a high level of school safety

TAB 4. SEMS/NIMS Compliant Emergency Response Plan - Education Code Section 35294.2 (a)(2)(B): 35295-35297). School districts and sites must use the Standardized Emergency Management System/National Incident Management System or risk losing state assistance for emergency response-related personnel costs following an emergency declared by the state (California Government Code Section 8607 and 3100).

District Emergency Response Plan uses a core set of concepts, principles, procedures, processes, standards, and terminology that creates a common operating picture, promotes mutual goals and responsibilities, and ultimately, ensures a more efficient and effective response.

This core is consistent with SEMS/NIMS standards and includes the following management components:

1. Command and Management

- The District has adopted the Incident Command System (ICS) as the organization structure for its Emergency Response Plan (ERP). The use of ICS aligns the District with other

responding entities and ensures deployment can be accomplished in a consistent, efficient and effective manner.

- The adoption of ICS includes its fourteen principles and the use of Incident Action Plans, Activity Logs and a standardize Crisis Communication Plan.
- All ICS assignments, along with position descriptions, are maintained on Hour-Zero Online.

Some examples of ICS activities include:

- Using ICS to manage all related activities before, during, and after school and campus events to provide for the safety and well-being of attendees.
- Determining, designating, and documenting in advance key personnel and their roles and responsibilities within ICS, including the chain of command;
- Determining, designating, and documenting back-ups to personnel with leadership positions within ICS;
- Integrating ICS into functional and system-wide emergency operations policies, plans, and procedures;
- Ensuring compatibility of communication devices internally and externally with local responders.

2. Preparedness

- The District has conducted risk and hazard assessments on each of its school sites and administrative buildings. These risk and hazards are documented on Hour-Zero Online and are prioritized according to a hazard index.
- Mitigation strategies have been developed to address these identifies hazards and risks. Strategies range in scope from administrative procedures to emergency protocols to facility changes/renovations.
- The District has developed emergency maps, which identify critical infrastructure, along with needed emergency maps for evacuations, lock-downs and shelter-in-place. These maps are readily available to first responders through Hour-Zero Online.

3. Resource Management

- The District has an extensive inventory of emergency supplies that has been procured for all its sites. This includes:
 1. Emergency supplies in all classrooms
 2. Incident Command Post Kits
 3. Emergency Response Kits
 4. Medical trauma kits
- Resources are managed by each site, with an inventory list maintained on Hour-Zero Online.

4. Communications and Information

- The District has a Crisis Communications Plan, which identifies the processes and procedures for communication before, during and after an emergency.
- The Plan identifies a designated Information Officer, along with two alternates for the position.
- The Plan uses a “Single Source Policy, and assigns the Information Officer as the primary liaison for communicating with all stakeholders during an emergency.

5. Plan Management

- The District Plan outlines the roles, responsibilities and operating procedures for the District Emergency Operations Center (EOC).
- The EOC Team, referred to as the Administrative Command Team (ACT) is responsible for providing policy direction and clarification, along with coordinating response activities.
- The team’s role focuses on District-level activities, rather than on-site management.
- In addition, the District has an Emergency Program Coordinator, whose role it is to ensure the day-to-day management of the program is taken care of.

6. Supporting Technologies

- The District maintains its Plan through the use of Hour-Zero Online, a web-application that has undergone a NIM Step evaluation.
- More specifically annual checklists, drills and training, contact information and resources are managed and tracked through the web-application to ensure the Plan remains current.
- First responders and local government authorities are able to access current information and data through the web-application, ensuring they always have the most current information at hand.

7. Training

- The District Plan includes an extensive training program that provides for training for all staff in the District.
- Training is provided in a variety of formats – online training, in person workshops, exercises and drills.
- The training syllabus includes both NIMS compliant courses (ICS 100, 200, NIMS 700, 800) along with courses specific to school operations (Lock-Down, Shelter-in-Place, Earthquake, Communications, etc.)

8. Collaboration

- The District works with local police and government partners to support its emergency preparedness activities, including involving its partners in training and providing them with access to school plans through HZ Online.

- This relationship helps the partners are able to effectively work together at time of emergency.

9. Common Terminology

- ICS principles, The District's Emergency Plan uses standardized and consistent terminology, that applies plain English to all protocols and procedures. To this end, the District has conducted communications training activities with its leadership to reinforce this principle.

TAB 5. Record of Drills (fire, earthquake, lockdown)

6. In outside assembly areas, the principal or designee and/or each department head shall account for their staff, report missing staff, and provide assistance to any injured staff.
7. If the fire is extensive, students shall be taken to an alternative location for protective custody until parents/guardians can pick them up or until they can be safely transported to their homes.

(cf. 0450 – School Safety Plan)

(cf. 3516 – Emergency and Disaster Preparedness Plan)

Earthquakes

The Superintendent or designee shall establish an emergency procedure system to be followed in case of earthquakes. This system shall include, but not be limited to the following:

1. A school building disaster plan, ready for implementation at any time, for maintaining safety and care of students and staff.
2. A stop/drop/hold procedure in which students and staff members:
 - a. Drop to their knees
 - b. Take cover under a table or desk
 - c. Protect their head with their arms
 - d. Face away from windows
3. Protective measures to be taken before, during, and after an earthquake
4. A training program to ensure that all students and all certificated and classified staff are aware of, and properly skilled in, the earthquake emergency procedure system.

School disaster plans shall outline roles, responsibilities, and procedures for students and staff.

(cf. 3516 – Emergency Disaster Preparedness Plan)

TAB 6. Crisis Response Handbook

Pinacate Middle School's Disaster Response Plan meets the guidelines for the Strategic Emergency Management System (SEMS). A committee consisting of teachers, campus supervisors, and the site administrator were involved in the formulation of the plan. The site administrator acts as the Incident Commander, with the principal's designee to be appointed in the event that the Incident Commander is unable to perform his duties.

To ensure accountability for emergency response procedures personnel are assigned specific duties to perform in the event of emergencies. These include turning off water, gas, and electricity. Mock drills are required twice per year. To be more effective during disasters, pre-determined areas will identify the various stations, i.e., student holding, command post, and student release.

Pinacate Middle School is working with the District to update the response plan and incorporate the National Incident Management System (NIMS). All administrators and classified staff were trained in the Federal Emergency Management Agency (FEMA) courses: IS 100 (Incident Command for Schools), IS 700 (NIMS) and IS 200 (Incident Command for Single Resources and Initial Action Incidents). Perris Union High School District Risk Management Officer maintains a current file of trained employees in this area.

To be more effective during disasters, pre-determined areas will identify the various stations, i.e., student holding, command post, and student release. The District has installed three repeaters and distributed hand held radios. Each site now has radios to use for day to day communications as well as a built in emergency communication system. The radios will be incorporated into each school site's emergency drills.

It is necessary to have qualified and trained campus supervisors to ensure a safe and secure environment for the student population during break and lunch periods.

Pinacate Middle School has assessed the emergency supplies on hand, and is formulating a plan to attempt to create a supply that would be sufficient to serve the needs of this campus in the event of a real disaster.

TAB 7. Child Abuse Reporting

As childcare custodians, the staff at Pinacate Middle School follows child abuse reporting guidelines set forth in the Child Abuse Reporting Law, which requires a telephoned report of suspected child abuse to a child protective agency as soon as practically possible. In addition, a follow-up written report is required within 36 hours of receiving the information concerning the incident (Penal Code, 11166, subdivision (g)).

The Health Technician at Pinacate Middle School has been trained to handle the disclosure of a child's suspected physical or sexual abuse. These are some of the guidelines used to help a child through this crisis:

- ❖ A private place is found to talk to the child, while maintaining eye contact.
- ❖ The conversation remains calm, without any expression of panic or shock.
- ❖ The facts surrounding the incident are obtained.
- ❖ No assumptions are made; the child is allowed to speak, uninterrupted.
- ❖ The child is given the benefit of the doubt.
- ❖ A child's vocabulary is used.
- ❖ Reassurance is given that he or she is innocent and did not provoke the incident.
- ❖ Reassurance is given that everything possible will be done to protect and support him or her.
- ❖ The child is made aware of what will happen once the report is made.
- ❖ An immediate need for safety is determined.
- ❖ A report to the proper authorities is made.

If the child discloses the abuse during a lesson, acknowledgement is given and the lesson is continued. Afterwards, a quiet place is found where the teacher can talk with the child alone.

As a mandated reporter, any member of our staff who reasonably suspects that child abuse has occurred must provide his or her name and the following information when making the telephone report to a child protective agency:

- ❖ Name of the child
- ❖ Present location of the child
- ❖ Nature and extent of injury
- ❖ Any other information, including that which led the person to suspect child abuse, requested by the child protective agency. (Penal Code, 11157, subdivision (a).)

The written report is filed on Department of Justice Forms SS 8572 and SS 8583, which are obtained from county welfare and probation departments and local law enforcement agencies. Medical personnel then complete a special, uniform reporting form developed by the Attorney General, entitled "Medical Report – Suspected Child Abuse" (DOJ 900).

Reports are investigated either by the local law enforcement agency and/or by the county child welfare services (child protective services) agency. Cross reporting by these agencies is required to ensure that law enforcement, child welfare agencies, and district attorneys receive all reports they should review, whether initially reporting to them or to another child protective agency. (Penal Code, 11166, subdivision (g).)

The following signs serve as a warning to school personnel that possible abuse has taken place:

Physical

- ❖ Unexplained fractures, lacerations or bruises
- ❖ Burns (cigarette, rope, scalding water, iron)
- ❖ Extreme fear or withdrawal
- ❖ Destructive and/or self-destructive behavior

Sexual

- ❖ Precocious knowledge of explicit sexual behavior
- ❖ Fearful, withdrawn, hostile or aggressive behavior
- ❖ Attempts to run away or running away
- ❖ Pseudo-mature (seems mature beyond chronological age)
- ❖ Promiscuous behavior

Neglect

- ❖ Dirty, unkempt
- ❖ Inappropriate dress for weather
- ❖ Extremely offensive body odor
- ❖ Malnutrition (extremely thin, dry or flaking skin, pale, fainting)
- ❖ Unattended medical conditions (infected minor burns, impetigo)

Pinacate Middle School is aware that it is not our role to investigate suspected child abuse. Instead, it is our responsibility to report the abuse and set in motion the process of getting help for the child.

Due Process

All suspensions are preceded by an informal conference between the student and a school administrator during which the student shall be informed of the reason for the suspension and the evidence that supported the action. It is the policy of the school to telephone parents at the time of the suspension, but in all cases, a notice is mailed within 24 hours. Usually a parent conference is requested to take place as soon as is practicable. Parents or guardians are requested to respond to such conferences.

A suspended student shall not:

1. Be allowed to loiter on or around any school ground;
2. Be allowed to participate in any school activities not open to the public

Suspension Authority

Classroom teacher: 1-2 days (from classroom)

Site Administrator: Up to 20 days

When a suspension of over 20 days is desired, the case goes to the expulsion board and hearing with parents is scheduled to give and excuse/rebuttal. The expulsion board then votes on the outcome of the hearing.

Students suspended from the classroom for one-two days are sent to OCD for that period and supervised by the OCD instructor.

- Sunglasses may only be used in bright daylight. They may not be worn indoors (unless under a doctor's prescription) and they may not be worn as jewelry (i.e., on top of head or around the neck).

Other Items

- No blankets, pillows, or stuffed animals
- No pajamas or sweats

PE Uniforms

- PE uniforms are to be worn ONLY during P.E. class unless otherwise specified by an administrator.

School Discretion

- School officials may determine other inappropriate clothing.
- Any potential or perceived distractions, student endangerment and the behavior of a student or groups of students may be used as criteria for dress code violations.

8th Grade Promotion

- Clothing should be appropriate for casual, dress/party type affairs, in an acceptable manner for general decency. Strapless and mini-dresses and tuxedos are not acceptable
- Spike heels are not allowed for safety reasons.
- All the aforementioned daily school restrictions will apply.

Consequences for violating the dress code

- The school will issue a "dress code violation" shirt to wear if the violation was an inappropriate shirt or top.

- At the end of the day, upon return of the dress code shirt, the inappropriate clothing back will be returned.
- Hats, belt buckles, do-rags, backpacks, purses, jewelry, chains, sunglasses, etc. will be confiscated for the remainder of the week and will be available for return immediately after school every Friday. Parents may retrieve the items sooner by coming to the discipline office.
- For other items that cannot be resolved at school, the student will wait in On Campus Detention until a parent brings the appropriate clothing to change into.

Repeated dress code violations will result in further disciplinary action.

TAB 12. Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (Education Code Section 35294.2(a)(2)(H) (BP 3541-*Transportation Routes and Services*) (BP 1250-*Visitors/Outsiders*)

Egress and Ingress to the campus have been effectively handled at Pinacate Middle School. Both classified and certificated personnel have report times prior to student arrival.

Main gates to the campus are unlocked at 8:30a.m. at which time students may avail themselves of breakfast. Students arriving on campus are not allowed to leave campus once they arrive. The first bell rings at 9:00 a.m., students report to class. A one minute warning bell sounds at 9:04 and the tardy bell rings at 9:05. The gates to the campus are locked at this time.

The regular school day at Pinacate Middle School lasts from 9:05 a.m. to 3:35 p.m. Monday's start time is from 9:40am until 3:35pm. Minimum days are on the first Wednesday of the month with a release time at 12:40pm. The access gates are unlocked approximately at 3:35 p.m. The access gates are locked again at 3:45 p.m. At this time, all ingress and egress to the campus must occur by means of the front door located in the administration building.

All unauthorized persons entering the campus must sign in and identify their purpose and destination. In addition, parents or guardians picking up students prior to the end of the school day must sign in and be authorized according to emergency card information.

In the unlikely event that a student leaves our campus without permission, the parent or guardian is immediately contacted. If the parent or guardian is unavailable, law enforcement is contacted, and appropriate steps are taken to locate the child.

If, for some reason, the office is notified that a student did not arrive home at the expected time, steps are taken to verify the following:

- Who last saw the child?
- What mode of transportation was used?
- What dismissal procedures did his or her classroom teacher follow?

Once these questions are addressed, both parents and office staff follow up on the situation until the child is located, or the need for further intervention is determined.

Absence from school breaks the continuity of learning, which may lead to frustration and acting out. According to state law, our students are required to attend school each day they are physically able. At Pinacate Middle School, valid reasons for an absence from school follow California Education Code guidelines, Section 46010.

TAB 13. Procedures to ensure a safe and orderly environment – (Education Code Section 35294.2(a)(2)(H))

In addition to procedures in the event of an emergency, Pinacate Middle School has incorporated many safe school strategies in the daily lives of our students. They include:

- Fencing around the perimeter of the campus
- A “closed campus” sign-in policy for all visitors
- Campus supervisor AM and PM yard duty stations
- Campus safety rules signed by both students and parents
- Success Presentations every six weeks to all students
- Success Presentations throughout the year in parent meetings
- Referral system for defiant or disruptive behavior
- Lunch school detention available five days per week
- After School Detention available four days per week
- Tutoring Sessions

To create a school culture that promotes self-monitoring behavior, Pinacate Middle School provides its students with an education on a wide range of safety issues. Safety assemblies are held on a regular basis throughout the year. They include, but are not limited to:

- Red Ribbon Week (substance abuse)
- Anti-Bullying Week
- Recognition of positive behavior utilizing “HAT” awards (Homework-Attendance-Tardies)
- “Puma Pats” reward system for desired conduct
- Renaissance Action Team “RAT” award assemblies

Safety education is reinforced in the classroom with discussions, and special projects, such as theme posters, and writing prompts.

An orderly environment is an integral part of a safe school atmosphere. Parent/student intake programs, Awards Assemblies, all contribute to a school culture that is both positive and well disciplined. To further cultivate such an atmosphere, Pinacate Middle School has instituted a morning, recess, and lunch bell schedule that minimizes student overlap on the campus. Students who arrive early for school are supervised by designated personnel. There is at least a five-minute interval between classes being safe and orderly.

Students arriving to class late disrupt the learning process and detract from an orderly environment. Students who are tardy must receive a tardy pass from a campus supervisor in order to be accepted into class. Campus Supervisors then turn in the names of tardy students to the OCD teacher who enters the student's names into the Alert Now System. Parents are then informed by phone each evening of their child's tardiness to class.

Our tardy policies are rigorously followed, with the following consequences:

1st Tardy	Warning and Alert Now contact
2nd Tardy	Lunch detention and Alert Now contact
3rd Tardy	After school detention and Alert Now contact

Subsequent Tardiness Student will be considered willfully in defiance of authority. Appropriate action is taken.

Pinacate Middle School Inclement Weather Schedule allows students to remain in classrooms or in other school buildings before school and during lunch. Breaks can be held in the classroom, with a restroom/snack schedule designated by the individual teacher.

In compliance with Capturing Kids Hearts, teachers are required to meet and greet the students at their door welcoming them into class prior to each period. Campus supervisors and site administrator's work together to get students to class on time. Students who require school-provided transportation are supervised by assigned staff at the boarding area. Personnel remain on duty until the buses are loaded and pulling out of the parking lot.

TAB 14. Rules and procedures on school discipline – (Education Code Section 35294.2(a)(2)(I); 35291; and 35291.5)

Philosophy

We believe that responsible citizenship begins in the home and is reinforced at school. The primary responsibility for citizenship instruction, therefore, rests with the parents. Freedom and responsibility go hand in hand and students have a responsibility to others in their school relationships. Good citizenship should be rewarded and poor citizenship should be discouraged. We believe all students can behave appropriately and must be held accountable for their actions.

Responsibility for following rules is the student's. Students must know the rules and regulations of the school, be responsible for their part in maintaining these regulations, be aware of the consequences when they are broken and be reinforced positively when they are conforming to the concept of good citizenship. We believe good citizenship and good academic performance are related.

Classroom Rules

Each classroom teacher establishes rules for their room in accordance with Capturing Kids Hearts' procedures for establishing a Social Contract and the consequences should the student choose to break those rules. These are established within the first few days of school and are usually reviewed with the parent at Back to School Night. Consequences of breaking class rules may include (but are not limited to): time out in another classroom, loss of privileges, detention, loss of special activity (such as assemblies or field trips), etc.

School Wide Expectations

Pumas strive to be their BEST

B=Be Respectful

E=Expect Excellence

S=Stay Connected and Involved in Positive Activities

T=Take Care of Business

To "Be Respectful" students are also taught to show RESPECT

R = Responsible for your behavior

E = Enthusiastic attitude

S = Supportive of the rules

P = Prepared with all supplies

E = Early to school and class

C = Caring and sensitive toward others

T = Thoughtful about future consequences

School Rules

1. Students are allowed to arrive at school not earlier than 30 minutes before class.
2. Students must be on time to school.
3. Students must be respectful and kind to everyone....adults and students alike. Use Mr.,
4. Mrs., Miss, or Ms., or correct title for all adults.
5. Gambling, buying, selling, trading, personal items on school grounds is illegal.
6. Students must be supervised at all times; students(s) shall not remain in a classroom without a certificated or classified adult present supervising.
7. Exemplary behavior is expected during assemblies, lunch, or whenever students are on the campus. Good manners are to be in effect at all times. Only applause is acceptable; no booing, yelling, screaming, whistling, or unacceptable noises are permitted.

12. No skateboards, roller blades, radios, cameras, recorders/players, pocket knives or weapons of any kind are allowed on campus.

Students who choose not to follow classroom or school rules receive a referral for their misbehavior. Discipline is progressive and begins with the classroom teacher. This depends upon the individual classroom teacher’s discipline plan. If the student is sent to the discipline office, progressive discipline is utilized. The student may be counseled, given lunch detention, after school detention, campus beautification, on-campus suspension, or off-campus suspension to name the most common options to use. The appropriate discipline will depend on the gravity of the misbehavior and prior record. Students may also receive citations from the School Resource Officer (SRO) for excessive misbehavior. This includes, but is not limited to profanity, fighting, and destruction of public property.

Campus Safety Rules

1. There are no closed games.

15. Students may not push, hit or threaten others. No swearing.
16. Common sense is expected when using all playground equipment.
17. Students must report to an adult when a ball goes over a fence.

Positive Re-Enforcement for Appropriate Behavior

Pinacate Middle School believes that when students choose to follow school rules, their positive behavior should be rewarded. As opportunities arise, special events or activities are used to reward student for positive behavior. Students who choose to follow the rules will have the following re-enforcements:

Classroom

Individual teachers determine their own procedures in collaboration with the school wide system.

School Wide

Puma Pats are awarded to students for good behavior. Puma Pats allow students to be eligible for weekly drawings for prizes such as school supplies, Pinacate t-shirts and gift certificates to local fast-food restaurants.

Throughout the year, three award assemblies are held for students receiving recognition for Citizenship and/or Academic Achievement. Parents of award winners are notified by to attend.

According to availability, Tobacco Use Prevention Education Program (TUPE) provides funding through an application process for tobacco specific student instruction, reinforcement activities, and special events. As a prerequisite for receiving funds, the Perris Union High School District has a tobacco free District board policy and is eligible for funding. Pinacate Middle School's focus for TUPE is on education and intervention to reduce and prevent the use of tobacco among school-age youth. Programs at Pinacate Middle School are funded through a District entitlement process.

The Perris Union High School District Title IV Program expands authority to sites to encompass issues addressed in Goal Seven of the National Educational Goals in order to create learning environments that are free of violence and drugs.

Our students are encouraged to take responsibility for life-long health, promote and respect the health and safety of others. TUPE and S&DFSC targets all students attending Pinacate Middle School. The programs are based upon the state and District's standards. Students are provided with an integrated and coordinated program based on student needs and educationally sound and legally acceptable educational practices. All students have equitable access and an opportunity to participate in and benefit from high-quality curricular and extracurricular activities. The American Heart Association, American Medical Association, and American Cancer Association are an integral part of the program, which provides support and supplemental materials.

Pinacate Middle School Health and Safety Programs offer a combination of health knowledge, skills, and motivation. The program challenges students to achieve their personal health potential in a manner that is meaningful to them. This approach has the added advantage of fostering self-concept, personal responsibility, critical thinking, conflict resolution, and many other critical life skills.

When funding is available, the health curriculum includes personal/mental health, nutrition and fitness, alcohol, tobacco, and other drugs, stress management/suicide prevention, human growth and sexuality, family life, disease prevention/HIV/AIDS, safety and injury prevention, violence prevention, and community and consumer health. A curriculum connection is also provided to facilitate the integration of health activities into other educational topics, such as language arts, social skills, math, and science. A parent component is also provided. The goals of the component are to keep parents informed of the health topics being discussed, to provide an avenue of communication about important health issues, and for promoting the health of all students and their families.

Teachers, administration, classified staff members, parents, and members of the community have the opportunity to assist in and support these programs. A site coordinator, in collaboration with the administration, and Director of Special Education will direct our TUPE/S&DFSC program.

It is necessary to have qualified and trained campus supervisors to ensure a safe and secure environment for the student population during break and lunch periods.

TAB 16. Hate crimes procedures and policies (Education Code Section 200, 233, and 48900.3) outline the policies and procedures schools must follow in addressing hate violence. California Penal Code sections 422.6, 422.7, 422.75, 422.8, 422.9, 422.95 and 628 (Title 11.6, Civil Rights) define hate-motivated crimes.

Pinacate Middle School utilizes a variety of staff to reduce and avoid violence on campus. All staff members deal on a daily basis with students who may have minor conflicts on campus. Counselors, principal, and assistant principal are on site to counsel students regarding peer relationships, conflict mediation, anger management, teen dating violence, and crisis intervention. The school utilizes an Riverside County Sheriff Department as needed to deal with violent acts on campus.

The school uses the Positive Climate Committee to establish and remind students of behavioral expectations, how to apply conflict resolution and how to deal with bullying and how to handle other issues related to violent behavior. The committee meets twice a month to plan and implement activities to fulfill the school's motto: "Pumas strive to be their BEST". The word BEST incorporates the school's values: Be respectful, Expect excellence, Stay connected and involved and Take care of business. Students are constantly encouraged to "take care of business" by reporting any type of bullying immediately to an adult so that the issue can be resolved with an administrator or a counselor. Three times each semester, behavioral expectation assemblies are held by an administrator during PE to address specific behavioral problems and to encourage positive behavior to deal with these issues.

Pinacate Middle School has implemented the Capturing Kids Hearts Program. Teachers and support staff attend training to better assist and provide positive re-enforcement to students in and out of the classroom.

Pinacate has also established an Anti-Bullying week to increase awareness of the harmful effects of bullying, to encourage students to follow the conflict resolution procedures by “taking care of business”, and to participate in activities that develop more respect and tolerance of differences and greater unity between students.

Pinacate Middle School recognizes that gangs exist locally and that students may have gang affiliations. Gang activity is not allowed on campus. The Governing Board desires to keep district schools free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence or disruptive behavior. The Principal or designee shall take steps to deter gang intimidation of students and staff and confrontations between members of different gangs. School personnel will attempt to track any gang affiliation and report it the Riverside Sheriff Department as necessary. The school will request that this information then be forwarded to the Gang Task Force.

Clothing that may have gang implications is not allowed. This includes, but is not limited to, belt buckles (13, 14, “P”, etc), sports team designations, hats other than district school issued hats, and tagging on any surface or item.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations or disruptive activities, and respond appropriately to gang behavior.

In order to discourage the influence of gangs, school staff shall take the following measures:

1. Any student displaying behavior, gestures, apparel, or paraphernalia indicative of gang affiliation shall be referred to the principal or designee.
 - a. The student’s parent/guardian shall be contacted and may be asked to meet with school staff.
 - b. The student may be sent home to change clothes if necessary. (cf. 5132 – Dress and Grooming)
3. Staff members shall be provided with the names of known gang members.
4. Students who seek help in rejecting gang associations may be referred to community-based gang suppression and prevention organizations. (cf. 1020 – Youth Services)
5. Any gang graffiti on school premises shall be removed, washed down, or painted over as soon as discovered.
 - a. Daily checks for graffiti shall be made throughout the campus

- b. Graffiti shall be photographed before it is removed. These photographs shall be shared with local law enforcement authorities and used for future disciplinary or criminal action against the offenders.

Riverside County Kids With Guns Protocol

In recent years, the nation has been stunned by violent incidents involving students on school campuses. Research indicates that these potentially violent youth do not just snap; rather, they exhibit important warning signs prior to acting out. The Secret Service found that in more than 75% of the incidents they studied, other youth knew about the attack before it occurred, and an adult had expressed concerns about the student. In more than half of the cases, more than one person had expressed concern. Over half of the attackers developed the idea to harm the target at least two weeks prior to the incident. Noting the devastation and wishing to avoid the tragic experiences of other communities which have suffered senseless violence on school campuses, a Multi-Agency Team (MAT), consisting of the Superior Court, Riverside County law enforcement agencies, in conjunction with Probation, the District Attorney, County Office of Education, local school districts, Mental Health, Department of Public Social Services and community based organizations, established this Protocol.

This Protocol is to be used within Riverside County in school related incidents for prevention, threat assessment, intervention and services to youth at-risk of violence. Members of the MAT have also agreed to the uniform implementation, enforcement and reporting of incidents involving youth and guns/explosive devices. **Note: Based upon law enforcement’s assessment of the situation, the Protocol may also be used for other weapon offenses.**

The members of the Multi-Agency Team (MAT) have also agreed in principle that:

1. Law Enforcement will investigate and report the circumstances of the offense and will expand the investigation by contacting the parent(s) and/or legal guardian(s) and by making a home visit to conduct an evaluation.
2. Probation will detain the minor pursuant to a law violation and will administer the Problem Behavior Inventory instrument and coordinate the efforts of the MAT by making appropriate

referrals to the various agencies. Information and assessment from the combined members of the team will be employed in determining future intervention strategies.

3. Riverside County Office of Education will respond rapidly to make available information concerning the minor to the appropriate agencies, and serve as a liaison between MAT and local school districts.
4. A Mental Health clinician will interpret the results of the Problem Behavior Inventory given to the minor by Probation. When indicated by the results of the PBI, Mental Health will complete an assessment on cases to determine the danger of the minor to himself/herself and others. Information from other cooperating agencies will be considered while completing the assessment, which will be shared with other members of the team where appropriate.
5. The District Attorney's Office will review all reports for legal sufficiency and strictly enforce the law by prosecuting any minor found in possession of a gun, explosive device or other dangerous weapon on a school campus. Violations against the parent or legal guardian will be strictly enforced when a juvenile is found in possession of a gun, explosive device or other dangerous weapon. The District Attorney's Office will coordinate with the task force to ensure the interests of public safety and the youth.
6. Child Protective Services (CPS) will respond upon request from law enforcement to conduct family and child welfare assessment to help assess the overall well-being and functioning of other children in the home. CPS will also research its database to determine whether there is an open file or CPS history on the youth or his/her family and share the information with MAT.
7. Riverside County Office of Education, in conjunction with local school districts and Social Services Agencies, will develop an adjunct protocol to deal with threats or acts of violence, excluding acts where firearms are involved. The primary assessment tool will be the personality assessment profile developed by the Mental Health Department.
8. The Juvenile Court judge will hear and make an order on Kids with Guns cases whenever a juvenile Court petition has been filed.
9. This Protocol will be reviewed and updated annually. Within one year a database will be established by the Probation Department. Kids with Guns pamphlets will be released within 90 days.

Pinacate Middle School utilizes multiple staff members to counsel students to avoid conflict between students. The counselors, teachers, campus supervisors, other classified personnel, and administration are all involved to some degree working to resolve low level student peer conflicts through counseling techniques.

For more serious conflicts, the principal, assistant principal and counselors are involved in in-depth counseling. They utilize behavior and peer contracts when appropriate.

TAB 19. Integrated Pest Management Plan

Healthy Schools Act of 2000

In September 2000 Governor Davis signed into law the Healthy Schools Act of 2000 (Assembly Bill 2260). This law requires schools to notify parents, guardians and school employees about pesticides used in their schools, and require the Department of Pesticide Regulation to promote the voluntary adoption of integrated pest management (IPM) practices in California schools. Most provisions of the law took effect January 1, 2001.

School District requirements of the Law

- ❖ Notification of all pesticide products the school District expects to use on school grounds must be sent annually to parents or guardians of all students. These products include over-the-counter pesticides available at retail outlets, but do not include certain products exempted under the law. The notifications must list the active ingredients in each pesticide product and the Internet address for the Department of Pesticide Regulation (DPR) to access additional information.
- ❖ Each school will establish a list of parents or guardians who want to be notified before individual pesticide applications are made.
- ❖ Each school district will ensure that warning notices are posted in areas where pesticides will be applied. These signs will be posted 24 hours in advance and 72 hours after application of pesticides, and will contain information as specified in the law.
- ❖ Each school will maintain records of all pesticide use at the school for four years and the records will be available to the public upon request.

Perris Union High School District's Integrated Pest Management Plan

We have implemented a database application and other related systems to ensure that our District is in compliance with the law. In addition we have developed an "Integrated Pest Management Plan" that utilizes regular monitoring and record keeping determining if and when treatments are needed, and employs a combination of strategies and tactics to keep pest numbers low enough to prevent unacceptable damage or annoyance.

Important Guidelines

These guidelines should be followed by all staff to assist in effectively managing the use of pesticides on our sites:

- ❖ Site staff should notify their site administrator when pest control is needed.
- ❖ Administrative staff should notify Maintenance and Operations via a work order when pest control is needed.

- ❖ Staff must not use any type of pest control chemicals at any school site.
- ❖ Staff should eliminate food stuffs in their work areas that might attract pests i.e. cakes, cookies, candies, sack lunches, sugary beverages, etc.

For immediate pest control response, i.e. swarming bees or ants, Maintenance & Operations should be contacted via phone @ 943-6369 X80252.

TAB 20. Injury and Illness Prevention Plan (IIPP) with Reporting Form for Unsafe Conditions

The Perris Union High School District is committed to providing a safe and healthful workplace for all of its employees and to providing a safe and healthful facility for all students and site visitors. To fulfill its obligation the District has incorporated an Injury and Illness Prevention Program. The intent of this Program is to prevent or minimize the probability of injuries and illnesses to workers, students and visitors, and to comply with applicable State, Federal and local health and safety codes, standards and regulations.

The Injury and Illness Prevention Program is intended to standardize various safety programs and procedures into one effective, uniform program and to ensure compliance with State and Federal safety regulations.

The Program identifies the District's responsibilities and also defines responsibilities of the Program Coordinator, administrators, managers, supervisors and all other employees.

The components described in the District's IIPP are:

- ❖ Communication
- ❖ Identification & Evaluation of Workplace Hazards
- ❖ Corrections of Unsafe or Unhealthful Conditions
- ❖ Investigations of Occupational Injury, Illness or Exposure to Hazardous Substances
- ❖ Employee Training
- ❖ Record Keeping
- ❖ Plan Review

The District, its Board and its management pledges support of this Program to ensure that it remains a viable method of protecting all employees and all other site occupants.

**TAB 21. Site Safety Inspection Checklists
(Risk Management—Inspection Checklist, Final Week Cleaning Checklist,
Cleaning Procedures for PUHSD Health Offices)**

Pinacate Middle School participates in quarterly safety inspections conducted by campus staff. The purpose of quarterly site inspections is to help identify and evaluate unsafe conditions.

Safety inspections are part of the District's written Injury and Illness Prevention Program.

The safety inspections are documented. The safety inspection checklists are documentation of inspections and include lists of areas inspected, the date of the inspection, name of inspector, signature of site administrator, and action taken to abate hazard.

Safety Inspections are completed, signed, and sent to the District office quarterly for documentation.

Some areas on the checklist include but are not limited to athletic facilities, grounds & fields, multi-use rooms, gymnasiums & theaters.

Pinacate Middle School participates in District-wide Hazardous Materials Inspections.

Keenan & Associates, the District's Third Party Administrator for Property and Liability coverage, conducts an annual Hazardous Materials Inventory and Inspection throughout the Perris Union High School District.

The purpose of the inspection is to assist our District in obtaining a current, detailed inventory of hazardous material supplies on school sites and throughout the District and to meet the regulatory requirements under Worker Right-to-Know, Hazardous Materials Disclosure Laws, and as required by Cal/OSHA – CCR, Title 8, Section 5194.

The inventory not only provides information to management, it is also a valuable tool to be used to monitor and control chemicals in the workplace.

The inspection also provides the District with a hazardous materials survey that addresses and identifies specific conditions regarding storage, labeling, compatibility, fire extinguishers, eyewash stations, etc., which were present at the time of the inventory.

Using the chemical inventories District staff put together binders that contain Material Safety Data Sheets (MSDS) for each item listed. These binders can be found in the staff workrooms or lounges, in the science chemical storerooms, and in the custodial closets. In addition, electronic MSDS folders have been created and are located at <http://puhsd.ca.schoolsmsds.com>.

TAB 22. **Action Plan for Component 1- “People and Programs”** - Create a *caring and connected* school climate. Part 2 of the “safe and orderly environment” requirement of SB 187 (Education Code Section 35294).

ACTION PLAN FOR COMPONENT #1- (*Look at your site data, Infinite Campus, Healthy Kids Survey or any other surveys taken to see if current programs are working. Where do they need to be improved?*)

22.1 ACTION PLAN FOR COMPONENT #1

Component #1. “People and Programs” – Create a “caring and connected” school climate. (Part 2 of the “safe and orderly environment” requirement of SB 187 (Education Code Section 35294).

Goal(s): (What area related to people and programs will we focus on in the near future to accomplish our mission and vision?)

1. Students are able to freely communicate their needs to all Pinacate staff. Especially in regards “take care of business” to address bullying concerns, conflict resolution, or other physical or emotional safety issues.
2. Provide opportunities for student involvement, especially in after-school club activities

Objective #1: (What measurable results will show us that we are meeting our goal? When will we see them? How much change do we want to see? Who is responsible?)

Students will continue to come in to report bullying behaviors or other behaviors that can cause verbal or physical confrontation. Administrators, Counselors, Teachers and Campus Supervisors will track the number of students who talk to them about “taking care of business” issues during the month. These numbers will be tallied by administration and presented to the Positive School Climate monthly to ensure that students are reporting incidents of physical or emotional safety. The Committee will also review suspension and referral data regarding physical harm, bullying or sexual harassment.

Objective #2: (What measurable results will show us that we are meeting our goal? When will we see them? How much change do we want to see? Who is responsible?)

Daily announcements will be made promoting after-school activities to ensure that more students will be aware of club opportunities. Parents will also be made aware of these opportunities by announcements at all parent meetings. At the beginning of the school year, spirit days and Puma Days will encourage after-school club sign-ups through lunch activities and after-school dances.

Each month, club advisors will report the number of students who have attended and participated in club activities to the Positive Climate Committee. Attendance data will be tracked and monitored by administration.

Related activities:
