INDEPENDENT AUDITORS' REPORT

Governing Board
Perris Union High School District
Perris, California

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Perris Union High School District (the District) as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Standards and Procedures for Audits of California K-12 Local Educational Agencies 2009-10*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Perris Union High School District, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 22, 2010, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

The required supplementary information, such as management's discussion and analysis on pages 4 through 13 and budgetary comparison and other postemployment information on pages 50 through 52, is not a required part of the basic financial statements, but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the table of contents, including the schedule of expenditures of Federal awards which is required by U.S. Office of Management and Budget Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This section of Perris Union High School District's (the District) (2009-2010) annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2010, with comparative information from 2009. Please read it in conjunction with the District's financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the District and its component units using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34.

The *Government-Wide Financial Statements* present the financial picture of the District from the economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the District, as well as all liabilities (including long-term obligations). Additionally, certain eliminations have occurred as prescribed by the statements in regards to interfund activity, payables, and receivables.

The *Fund Financial Statements* include statements for each of the two categories of activities: governmental and fiduciary.

The *Governmental Activities* are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

The Primary unit of the government is the Perris Union High School District.

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2010

FINANCIAL HIGHLIGHTS OF THE PAST YEAR

The District's revenues were reduced considerably this past year due to the economy of the State. As a result, further budget reductions were implemented during the 2009-2010 school year. Limited resources were reevaluated and directed toward maintaining strong educational programs for the students served by the District. In addition to its ongoing efforts in the maintenance and repair of existing facilities, the District continued its aggressive facilities acquisition, construction and modernization programs, a few of which are listed below:

- Heritage High School Agricultural Research Center planning phase started in July 2009.
- Heritage High School Marquee started in March 2010.
- Perris High School swine shelter started in April 2010.
- Compressed Natural Gas Facility project began in April 2010.
- The repainting of Paloma Valley High School and California Military Institute was completed May 2010.
- Perris High School stadium expansion project, funded by Measures "Z" Bonds, started in June 2010.
- Pinacate Middle School Portable Classrooms Relocation, funded by Measure "Z" Bond, started in June 2010.
- New Student Services Center was completed in July 2010.
- The District closed escrow for the purchase of land in Menifee for the fourth High School in August 2010.

REPORTING THE DISTRICT AS A WHOLE

The Statement of Net Assets and the Statement of Activities

The *Statement of Net Assets* and the *Statement of Activities* report information about the District as a whole and about its activities. These statements include *all* assets and liabilities of the District using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net assets and changes in them. Net assets are the difference between assets and liabilities, which is one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net assets are one indicator of whether its financial health is improving or deteriorating. Other factors to consider are changes in the District's property tax base and the condition of the District's facilities.

The relationship between revenues and expenses is the District's operating results. Since the governing board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the overall health of the District. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2010

In the *Statement of Net Assets* and the *Statement of Activities*, we present the District activities as follows:

Governmental Activities - The District reports all of its services in this category. This includes the education of seventh through twelfth grade students, adult education students, the operation of a community day school program, two charter schools, and the on-going effort to expand, improve and maintain buildings and sites. Property taxes, State income taxes, user fees, interest income, Federal, State, and local grants, as well as general obligation bonds, finance these activities.

REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the District as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money that it receives from the U.S. Department of Education.

Governmental Funds - Most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

THE DISTRICT AS A TRUSTEE

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or *fiduciary*, for funds held on behalf of others, such as funds for associated student body activities, scholarships, employee retiree benefits, and pensions. The District's fiduciary activities are reported in the *Statements of Fiduciary Net Assets*. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2010

THE DISTRICT AS A WHOLE

Net Assets

The District's net assets were \$157,363,368 for the fiscal year ended June 30, 2010. Of this amount, \$4,369,809 was unrestricted. Restricted net assets are reported separately to show legal constraints from debt covenants and enabling legislation that limit the Governing board's ability to use those net assets for day-to-day operations. Our analysis below, in summary form, focuses on the net assets (Table 1) and change in net assets (Table 2) of the District's governmental activities.

Table 1

	Governmental Activities	
	2010	2009
Assets		
Current and other assets	\$ 67,150,637	\$ 72,447,486
Capital assets	198,476,499	200,021,873
Total Assets	<u>265,627,136</u>	<u>272,469,359</u>
Liabilities		
Current liabilities	8,467,516	7,865,960
Long-term obligations (includes current portion)	99,796,252	101,322,549
Total Liabilities	<u>108,263,768</u>	<u>109,188,509</u>
Net Assets		
Invested in capital assets, net of related debt	106,004,810	113,055,161
Restricted	46,988,749	45,687,804
Unrestricted	4,369,809	4,537,885
Total Net Assets	<u><u>\$ 157,363,368</u></u>	<u><u>\$ 163,280,850</u></u>

The \$4,369,809 in unrestricted net assets of governmental activities represents the *accumulated* results of all past years' operations.

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2010

Changes in Net Assets

The results of this year's operations for the District as a whole are reported in the *Statement of Activities* on page 15. Table 2 takes the information from the Statement, rounds off the numbers, and rearranges them slightly so you can see our total revenues for the year.

Table 2

		Governmental Activities	
		2010	2009
Revenues

Change in Net Assets		\$ (5,917,482)	\$ 309,767

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2010

Governmental Activities

As reported in the *Statement of Activities* on page 15, the cost of all of our governmental activities this year was \$95,253,314. However, the amount that our taxpayers ultimately financed for these activities through local taxes was only \$30,488,002 because the cost was paid by other governments and organizations who subsidized certain programs with grants and contributions (\$12,165,491). We paid for the remaining "public benefit" portion of our governmental activities with State funds, and with other revenues, like interest and general entitlements.

In Table 3, we have presented the cost of each of the District's largest functions: instruction and instruction-related, pupil services, administration, maintenance and operations, and other outgo. As discussed above, net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Table 3

	Total Cost of Services		Net Cost of Services	
	2010	2009	2010	2009
Instruction and instruction-related	\$ 63,590,602	\$ 63,044,112	\$ 53,955,271	\$ 50,697,565
Pupil services	8,501,543	8,543,263	6,821,624	6,843,424
Administration	6,459,142	6,107,106	5,647,426	5,578,166
Maintenance and operations	10,179,102	9,950,142	10,158,729	9,941,698
Other outgo	6,522,925	6,341,142	6,504,773	6,087,529
Total	\$ 95,253,314	\$ 93,985,765	\$ 83,087,823	\$ 79,148,382

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2010

THE DISTRICT'S FUNDS

As the District completed this year, our governmental funds reported a combined fund balance of \$58,426,844, which is a decrease of \$5,849,802 from last year (Table 4).

Table 4

	Balances and Activity			
	July 1, 2009	Revenues	Expenditures	June 30, 2010
General Fund	\$ 15,409,667	\$ 75,572,214	\$ 79,794,586	\$ 11,187,295
Charter School Fund	1,126,523	4,183,688	4,327,608	982,603
Building Fund	8,481,908	100,554	2,107,839	6,474,623
Capital Facilities Fund	9,543,216	1,770,215	1,101,189	10,212,242
County School Facilities Fund	5,999,084	81,633	351,789	5,728,928
Special Reserve Fund	6,038,499	75,592	428,087	5,686,004
Non-Major Governmental Funds	17,677,749	11,087,689	10,610,289	18,155,149
Total	\$ 64,276,646	\$ 92,871,585	\$ 98,721,387	\$ 58,426,844

The primary reasons for the increases and decreases to the Districts' fund balances are:

1. As the District's principal operating fund, the General Fund is comprised of unrestricted as well as restricted dollars. The fund balance in the General Fund decreased by \$4,222,372. The net decrease is primarily due to increased on-going and one-time Revenue Limit deficits while maintaining salary and benefits associated with contractual language.
2. The Charter School Fund balance decreased by \$143,920 due to decreased General Purpose and Categorical Block Grant funding while expenditures continued to increase on the natural.
3. The Building, Capital Facilities, County School Facilities and Special Reserve Funds decreased by \$1,483,510 collectively due primarily to the Modernization project at Pinacate Middle School and the Heritage High School Agricultural Research Center planning phase.

General Fund Budgetary Highlights

Over the course of the year, the District revises its budget as it attempts to manage unexpected changes in revenues and expenditures. A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided in our audit report on page 50.

- Revenue revisions made to the 2009-2010 adopted budget were attributable to a combination of the 2008-2009 ABX4 3 categorical adjustment and the State of California contributions to CalSTRS on behalf of the District (based on 4.267% of annual payroll).
- Budgeted expenditures decreased due to a combination of the deferral of 2009-2010 planned expenditures to the 2010-2011 fiscal year and the State of California on behalf payments to CalSTRS for the District (based on 4.267% of annual payroll).

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2010

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2010, the District had \$198,476,499 in a broad range of capital assets (net of depreciation), including land, buildings, and furniture and equipment. This amount represents a net decrease (including additions, deductions, and depreciation) of \$1,545,374, or .08 percent, from last year (Table 5).

Table 5

	Governmental Activities	
	2010	2009
Land and construction in progress	\$ 6,132,358	\$ 3,561,470
Buildings and improvements	186,874,165	190,164,785
Furniture and equipment	5,469,976	6,295,618
Total	\$ 198,476,499	\$ 200,021,873

This year's increase of \$2.57 million in Land and construction in progress is primarily a result of E-rate projects at various sites and ongoing projects such as the CNG Station, Swine Shelter at Perris High School and Phase I Addition to Pinacate Middle School. In addition, the \$3.3 million decrease in Building and Improvements along with \$0.8 million decrease in Furniture and equipment pertain to depreciation expense being higher in 2009-2010 than actual purchases incurred, thus, reducing the book value of the existing assets. The overall total asset amount includes approximately \$6 million in current year depreciation expense for the 2009-2010 fiscal year.

Long-Term Obligations

At the end of this year, the District had \$99,796,252 in long-term obligations outstanding versus \$101,322,549 last year, a decrease of 1.5 percent. These long-term obligations consisted of:

Table 6

	Governmental Activities	
	2010	2009
General obligation bonds	\$ 62,460,829	\$ 62,641,645
Certificates of participation	27,620,000	28,480,000
QZAB lease purchase agreement	5,000,000	5,000,000
Capital lease obligations	4,234,125	4,682,009
Other	481,298	518,895
Total	\$ 99,796,252	\$ 101,322,549

General Obligation Bonds, Certificates of Participation and Capital Lease obligations decreased by the required annual principal payment. Other obligations include accumulated vacation payable and Public Agency Retirement Services retirement payable. We present more detailed information regarding our long-term obligations in Note 8 of the financial statements.

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2010

SIGNIFICANT ACCOMPLISHMENTS OF FISCAL YEAR 2009-2010 ARE NOTED BELOW:

Accomplishments to support student learning during the 2009-2010 school year included staff development activities for over 300 teachers, administrators and support staff, adoption of new English Language Arts for all students, standards based curriculum development in all core academic classes, and a continued increase in technology for student use. During the summer of 2009, the District implemented a state-of-the-art web-based student information system that will allow staff, parents, and students to access grades and other pertinent information from home allowing increased communication between home and school.

The District's State Academic Performance Index (API) and Federal Adequate Yearly Progress (AYP) scores increased 39 API points in 2009-2010 with growth in all significant sub groups. The District has been in Program Improvement since 2006 and continues to address the needs of its diverse population.

In response to identification as a PI District, the District took a number of steps to identify the reason it did not meet District goals for AYP and as a result contracted with a State approved District Assistance Intervention Team (DAIT) to implement a plan to address teaching and learning needs of the District. The District provided training for staff to implement an efficient system to assist schools in reallocating their fiscal resources to support student achievement and to examine District budgets for optimal support in implementing the "Nine Essential Program Components" (NEPCs). The District also continued its efforts to ensure alignment of expenditures and purchases toward achievement of the NEPCs through review of the professional development plans and purchase orders.

As a result of Program Improvement, the 2009-2010 budget was built around the fundamental element of exiting the District from this status. This plan included reallocating resources and prioritizing goals to build a budget centered around the NEPCs. Included in this reallocation was a significant increase in funds to support professional development activities for teachers and administrators.

PERRIS UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2010

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

In considering the District Budget for the 2010-2011 year, the governing board and management used the following criteria at adoption:

1. District enrollment, including Charter schools, is projected to be 10,914. This represented an increase of 4.56 percent District-wide which, in comparison with the past two years, is an increase in the District's growth rate. Overall District Average Daily Attendance (ADA); including Charters is projected to be 10,145. This represents an increase of 390 or 4.0 percent.
2. Lottery funding for 2010-2011 is projected to be \$125.50 per prior-year annual ADA. This per-pupil rate reflects \$111.00 per pupil for unrestricted lottery revenues and \$14.50 per pupil for lottery funding restricted to the purchase of instructional materials.
3. Base Revenue Limit was calculated at \$5,676.48 per ADA. This included a statutory Cost of Living Adjustment (COLA) of (0.39) percent paired with a deficit factor of 18.355 percent, plus an additional one-time on-going 3.85 percent reduction applied to the Undeficitated Base Revenue Limit.
4. The District reserve for economic uncertainty is three percent and meets the minimum required reserve standard for a district this size.
5. With the uncertainty of the State budget and an effort to continue a fiscally conservative approach, the District moved forward in implementing 2010-2011 budget reductions that were recommended by the Budget Advisory Committee to the Superintendent and his Cabinet and were subsequently presented to and approved by the Board.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact Candace Reines, Assistant Superintendent, Business Services, at Perris Union High School District, 155 E. 4th Street, Perris, California, 92570, or e-mail at candace.reines@puhsd.org.

PERRIS UNION HIGH SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET ASSETS JUNE 30, 2010

Total Fund Balance - Governmental Funds \$ 58,426,844
**Amounts Reported for Governmental Activities in the Statement
of Net Assets are Different Because:**

Capital assets used in governmental activities are not financial resources
and, therefore, are not reported as assets in governmental funds.

The cost of capital assets is:	\$ 245,271,051	
Accumulated depreciation is:	<u>(46,794,552)</u>	
Net Capital Assets		198,476,499

Expenditures relating to issuance of debt of next fiscal year were
recognized on modified accrual basis, but are not recognized on the
accrual basis.

919,367

In governmental funds, unmatured interest on long-term obligations is
recognized in the period when it is due. On the government-wide
financial statements, unmatured interest on long-term obligations is
recognized when incurred.

(663,090)

Long-term obligations at year-end consist of:

General Obligation Bonds	62,460,829	
Certificates of Participation	27,620,000	
QZAB Lease Purchase Agreement	5,000,000	
Capital Leases	4,234,125	
Accumulated Vacation	366,339	
PARS Retirement	<u>114,959</u>	
Total Long-Term Obligations		(99,796,252)
Total Net Assets - Governmental Activities		<u><u>\$157,363,368</u></u>

The accompanying notes are an integral part of these financial statements.

PERRIS UNION HIGH SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2010

Total Net Change in Fund Balances - Governmental Funds \$ (5,849,802)

Amounts Reported for Governmental Activities in the Statement of Activities are
Different Because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures; however, for governmental activities, those costs are shown in the Statement of Net Assets and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities.

This is the amount by which capital depreciation exceeds outlays in the period.

Depreciation expense	\$ (6,034,982)	
Capital outlays	<u>4,489,608</u>	
Net Expense Adjustment		(1,545,374)

In the Statement of Activities, certain operating expenses, such as compensated absences (vacations) and supplemental retirement are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). Vacation earned was less than the amounts used by \$2,730 and supplemental retirement earned was less than the amount used by \$34,867.

37,597

In governmental funds, debt issuance costs are recognized as expenditures in the period they are incurred. In the Statement of Activities, they are amortized over the life of the debt. The difference between debt issuance costs recognized in the current period and issue costs amortized for the period is:

(62,703)

Repayment of debt principal is an expenditure in the governmental funds, but it reduces long-term obligations in the Statement of Net Assets and does not affect the Statement of Activities:

General obligation bonds	1,240,000
Certificates of participation	860,000
Capital lease obligations	447,884

Interest on long-term obligations in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources.

In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The additional interest reported in the statement of activities is the result of two factors. First, accrued interest on the general obligation bonds decreased by \$14,100, and second, \$1,059,184 of additional accumulated interest was accreted on the District's "capital appreciation" general obligation bonds.

\$ (1,045,084)

Change in Net Assets of Governmental Activities

\$ (5,917,482)

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Perris Union High School District (the District) was incorporated on August 23, 1897, under the laws of the State of California. The District operates under a locally elected five-member Board form of government and provides educational services to grades 7 - 12 as mandated by the State and/or Federal agencies. The District operates one middle school, three high schools, a continuation school, a community day school, two charter schools and an adult education school.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For Perris Union High School District, this includes general operations, food service, and student related activities of the District.

Component Units

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District, in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. For financial reporting purposes, the component unit discussed below is reported in the District's financial statements because of the significance of its relationship with the District. The component unit, although a legally separate entity, is reported in the financial statements using the blended presentation method as if it were part of the District's operations because the Governing Board of the component unit is essentially the same as the governing board of the District and because its purpose is to finance the construction of facilities to be used for the direct benefit of the District.

The Perris Valley Schools Capital Facilities Corporation's (the Corporation) financial activity is presented in the financial statements in the Capital Project Fund for Blended Component Units and the Corporation Debt Service Fund. Certificates of participation issued by the Corporation are included as long-term obligations in the government-wide financial statements. Individually-prepared financial statements are not prepared for Perris Valley Schools Capital Facilities Corporation.

The Community Facilities District 91-1 and the Community Facilities District 92-1 (the CFDs) financial activity is presented in the financial statements in the Capital Project Fund for Blended Units, included in the Governmental Funds of the District. No debt has been issued by the CFDs. Individually prepared financial statements are not prepared for the CFDs.

Other Related Entities

Charter School The District has approved Charters for Choice 2000 Online Charter School and California Military Institute pursuant to *Education Code* Section 47605. The Charter Schools are operated by the District, and their financial activities are presented in the Charter School Fund.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The District's funds are grouped into two broad fund categories: governmental and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major and non-major governmental funds:

Major Governmental Funds

General Fund The General Fund is the chief operating fund for all districts. It is used to account for the ordinary operations of a district. All transactions except those required or permitted by law to be in another fund are accounted for in this fund.

Charter Schools Fund The Charter School's Fund may be used by authorizing districts to account separately for the activities of district-operated charter schools that would otherwise be reported in the authorizing district's General Fund.

Building Fund The Building Fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

Capital Facilities Fund The Capital Facilities Fund is used primarily to account separately for monies received from fees levied on developers or other agencies as a condition of approving a development (*Education Code* Sections 17620-17626). Expenditures are restricted to the purposes specified in *Government Code* Sections 65970-65981 or to the items specified in agreements with the developer (*Government Code* Section 66006).

County School Facilities Fund The County School Facilities Fund is established pursuant to *Education Code* Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), or the 2004 State School Facilities Fund (Proposition 55) authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (*Education Code* Section 17070 et seq.).

Special Reserve Fund for Capital Outlay Projects The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund monies for capital outlay purposes (*Education Code* Section 42840).

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Non-Major Governmental Funds

Special Revenue Funds The Special Revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The District maintains the following special revenue funds:

Adult Education Fund The Adult Education Fund is used to account separately for Federal, State, and local revenues for adult education programs and is to be expended for adult education purposes only, except for State revenues which, as a result of Senate Bill 4 of the 2009-10 Third Extraordinary Session (SBX3 4), may be used for any educational purpose.

Cafeteria Fund The Cafeteria Fund is used to account separately for Federal, State, and local resources to operate the food service program (*Education Code* Sections 38090-38093) and is used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code* Sections 38091 and 38100).

Deferred Maintenance Fund The Deferred Maintenance Fund is used to account separately for State apportionments and the District's contributions for deferred maintenance purposes (*Education Code* Sections 17582-17587) and for items of maintenance approved by the State Allocation Board, except for State apportionments which, as a result of Senate Bill 4 of the 2009-10 Third Extraordinary Session (SBX3 4), may be used for any educational purpose.

Capital Projects Fund The Capital Projects fund is used to account for the acquisition and/or construction of all major governmental fixed assets. The District maintains the following capital projects fund:

Capital Project Fund for Blended Component Units The Capital Project Fund for Blended Component Units is used to account for capital projects financed by the Perris Valley Schools Capital Facilities Corporation, the 91-1 Community Facilities District, and the 92-1 Community Facilities District that are considered blended component units of the District under generally accepted accounting principles.

Debt Service Funds The Debt Service funds are used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs. The District maintains the following debt service funds:

Bond Interest and Redemption Fund The Bond Interest and Redemption Fund is used for the repayment of bonds issued for a district (*Education Code* Sections 15125-15262).

QZAB Fund The QZAB Fund is used to account for the accumulation of resources for the lease payment related to the QZAB lease purchase agreement between the District and the Public Property Financing Corporation of California.

Corporation Debt Service Fund The Corporation Debt Service Fund is used to account for the accumulation of resources for the payment of the principal and interest related to certificates of participation issued by the Perris Valley Schools Capital Facilities Corporation that is considered a blended component unit of the District under generally accepted accounting principles (GAAP).

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

2003 COP Debt Service Fund The 2003 COP Debt Service Fund is used to account for the accumulation of resources for the payment of the principal and interest related to the 2003 certificates of participation issued by the Perris Valley Schools Capital Facilities Corporation that is considered a blended component unit of the District under generally accepted accounting principles (GAAP).

2007 COP Debt Service Fund The 2007 COP Debt Service Fund is used to account for the accumulation of resources for the payment of the principal and interest related to the 2007 certificates of participation issued by the Perris Valley Schools Capital Facilities Corporation that is considered a blended component unit of the District under generally accepted accounting principles (GAAP).

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. The District applies all GASB pronouncements, as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. Proprietary funds are classified as enterprise or internal service. The District has no proprietary funds.

Fiduciary Funds Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds.

Trust funds are used to account for the assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore, not available to support the District's own programs. The District has no trust funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Such funds have no equity accounts since all assets are due to individuals or entities at some future time. The District's agency fund accounts for student body activities (ASB).

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements, but differs from the manner in which governmental fund financial statements are prepared.

The government-wide Statement of Activities presents a comparison between expenses, both direct and indirect, of the District and for each governmental function. Direct expenses are those that are specifically associated with a service, program, or department and are therefore, clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the Statement of Activities, except for depreciation. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the District.

Net assets should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net assets restricted for other activities result from special revenue funds and the restrictions on their net asset use.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Fund Financial Statements Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

Governmental Funds All governmental funds are accounted for using the flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements, prepared using the economic resources measurement focus and the accrual basis of accounting, and the governmental fund financial statements, prepared using the flow of current financial resources measurement focus and the modified accrual basis of accounting.

Fiduciary Funds Fiduciary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are excluded from the government-wide financial statements because they do not represent resources of the District.

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 60 days. However to achieve comparability of reporting among California districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to State-aid apportionments, the California Department of Education has defined available for districts as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose restrictions. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Deferred Revenue Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

Certain grants received before the eligibility requirements are met are recorded as deferred revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as deferred revenue.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, and typically paid within 90 days. Principal and interest on long-term obligations, which have not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds but are recognized in the entity-wide statements.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments held at June 30, 2010, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in county and State investment pools are determined by the program sponsor.

Restricted Assets

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets in the Corporation Debt Service Fund represent cash and cash equivalents required by debt covenants to be set aside by the District for the purpose of satisfying certain requirements of the bonded debt issuance.

Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Capital assets are long-lived assets of the District. The District maintains a capitalization threshold of \$5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized, but are expensed as incurred.

When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide Statement of Net Assets. The valuation basis for capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets is the same as those used for the capital assets of governmental funds.

Depreciation is computed using the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 25 to 50 years; improvements, 7 to 30 years; equipment, 5 to 20 years.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental activities column of the Statement of Net Assets.

Compensated Absences

Accumulated unpaid vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide Statement of Net Assets. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Credit for unused sick leave is applicable to all certificated employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full-time.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the governmental funds.

However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the governmental fund financial statements only to the extent that they are due for payment during the current year. Bonds, certificates of participation, and other long-term obligations are recognized as liabilities in the governmental fund financial statements when due.

Fund Balance Reserves and Designations

The District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund balance which is available for appropriation in future periods. Fund balance reserves have been established for revolving cash accounts and legally restricted grants and entitlements.

Designations of fund balances consist of that portion of the fund balance that has been designated (set aside) by the Governing board to provide for specific purposes or uses. Fund balance designations have been established for economic uncertainties and other purposes.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The government-wide financial statements report \$46,988,749 of restricted net assets.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements. Interfund transfers are eliminated in the governmental and business-type activities columns of the Statement of Activities, except for the net residual amounts transferred between governmental and business-type activities.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Budgetary Data

The budgetary process is prescribed by provisions of the California *Education Code* and requires the Governing board to hold a public hearing and adopt an operating budget no later than July 1st of each year. The District governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for. For budget purposes, on behalf payments have not been included as revenue and expenditures as required under generally accepted accounting principles.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Riverside bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Changes in Accounting Principles

In July 2004, the GASB issued GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. This Statement requires local governmental employers who provide other postemployment benefits (OPEB) as part of the total compensation offered to employees to recognize the expense and related liabilities (assets) in the government-wide financial statements of net assets and activities. This Statement established standards for the measurement, recognition, and display of OPEB expense/expenditures and related liabilities (assets), note disclosures, and, if applicable, required supplementary information (RSI) in the financial reports of State and local governmental employers.

This Statement provided for prospective implementation - that is, that employers set the beginning net OPEB obligation at zero as of the beginning of the initial year. The District has implemented the provisions of this Statement for the fiscal year ended June 30, 2010. The District had an annual required contribution of \$50,841 for the year ended June 30, 2010, and made a contribution of \$50,841 resulting in no OPEB obligation.

New Accounting Pronouncements

In March 2009, the GASB issued GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The requirements of this Statement are effective for the financial statements for periods beginning after June 15, 2010. Early implementation is encouraged.

NOTE 2 - DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

Deposits and investments as of June 30, 2010, are classified in the accompanying financial statements as follows:

Governmental activities	\$ 53,414,445
Fiduciary funds	414,759
Total Deposits and Investments	<u>\$ 53,829,204</u>

Deposits and investments as of June 30, 2010, consist of the following:

Cash on hand and in banks	\$ 414,759
Cash in revolving	25,000
Investments	53,389,445
Total Deposits and Investments	<u>\$ 53,829,204</u>

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%

Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the county pool.

Weighted Average Maturity

The District monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. Information about the weighted average maturity of the District's portfolio is presented in the following schedule:

Investment Type	Fair Value	Weighted Average Maturity in Days
Commercial Paper - F Car Owner Trust	\$ 3,526,690	162 days
First American Treasury Obligation	2,852,008	N/A
Money Market	7,234,090	N/A
County Pool	39,869,448	372 days
Total	<u>\$ 53,482,236</u>	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

Investment Type	Minimum Legal Rating	Rating as of June 30, 2010	Fair Value
Commercial Paper - F Car Owner Trust	Not Required	A+	\$ 3,526,690
First American Treasury Obligations	Not Required	Not Rated	2,852,008
Money Market	Not Required	Not Rated	7,234,090
County Pool	Not Required	AAA/V1+	39,869,448
Total Investments			<u>\$ 53,482,236</u>

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2010, the District's bank balance of \$1,261,782 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

NOTE 3 - RECEIVABLES

Receivables at June 30, 2010, consisted of intergovernmental grants, entitlements, interest and other local sources. All receivables are considered collectible in full.

				<u>\$62,641,645</u>	<u>\$ -</u>	<u>\$ 1,059,184</u>	<u>\$ 1,240,000</u>	<u>\$62,460,829</u>

Election 1999, Series A General Obligation Bonds

In May 2000, the District issued \$8,313,075 in Election 1999, Series A General Obligation Bonds. Proceeds from the bonds will be used for the purpose of construction and renovation of various school facilities in the District. In March 2005, the 2005 General Obligation Refunding Bonds refunded the current interest portion of the bonds. At June 30, 2010, the principal balance outstanding was \$5,128,705.

Election 1999, Series B General Obligation Bonds

In November 2002, the District issued \$7,686,807 in Election 1999, Series B General Obligation Bonds. Proceeds from the bonds will be used for the purpose of construction and renovation of various school facilities in the District. In March 2005, the 2005 General Obligation Refunding Bonds refunded the current interest portion of the bonds. At June 30, 2010, the principal balance outstanding was \$6,789,965.

2005 General Obligation Refunding Bonds

In February 2005, the District issued \$7,805,000 in 2005 General Obligation Refunding Bonds. Proceeds from the bonds will be used to refund certain maturities of the District's outstanding General Obligation Bonds, Election 1999, Series A General Obligation Bonds, Election 1999, Series B and to finance the acquisition, construction and modernization of property and school facilities. At June 30, 2010, the principal balance outstanding was \$4,600,000.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Election 2004, Series A General Obligation Bonds

In February 2005, the District issued \$38,764,558 in Election 2004, Series A General Obligation Bonds. Proceeds from the bonds will be used to finance the acquisition, construction, and modernization of property and school facilities. At June 30, 2010, the principal balance outstanding was \$39,360,229.

Election 2004, Series B General Obligation Bonds

In March 2006, the District issued \$7,232,820 in Election 2004, Series B General Obligation Bonds. Proceeds from the bonds will be used to finance the acquisition, construction, and modernization of property and school facilities. At June 30, 2010, the principal balance outstanding was \$6,581,930.

Debt Service Requirements to Maturity

The bonds mature through 2034 as follows:

Fiscal Year	Principal	Interest and Accreted Value Payment	Total
2011	\$ 1,455,000	\$ 1,964,632	\$ 3,419,632

Total	<u>\$ 62,460,829</u>	<u>\$ 44,415,632</u>	<u>\$106,876,461</u>

Certificates of Participation

In January 2004, the District issued \$23,500,000 in Certificates of Participation to finance modernization, improvement and construction of District's facilities. The Certificates are subject to a floating rate of interest. At June 30, 2010, the floating rate of interest was 3.920 percent. The outstanding principal balance at June 30, 2010, is \$19,105,000.

In December 2007, the District issued \$23,500,000 in Certificates of Participation for the purpose of defeasing and prepaying a portion of the 2000 Certificates of Participation. The interest rate is set at six percent per annum. The outstanding principal balance at June 30, 2010, is \$8,515,000.

Qualified Zone Academy Bonds (QZAB) Lease Purchase Agreement

On December 9, 2003, the District, pursuant to a lease purchase agreement with the Public Property Financing Corporation of California, issued \$5,000,000 Qualified Zone Academy Bonds (QZAB) to provide funds to finance certain improvements, equipment, and related costs for the District's Literacy and Information Technology Academy and to pay certain costs of issuance. The Bonds mature on December 9, 2018 with the entire principal amount of \$5,000,000 due at this date. The Bonds do not bear interest. In lieu of receiving periodic interest or sinking fund payments, qualified buyers will receive an annual federal tax credit as set by the U.S. Treasury Department. Payment of principal on the Bonds is secured by an initial deposit of \$2,618,141 made by the District on the date of issuance. The initial deposit, together with accrued interest earnings shall be sufficient to make the lease payment in full at maturity. As of June 30, 2010, US Bank held \$3,656,041 for the lease payment.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Capital Leases

The District has entered into agreements to lease various facilities and equipment. Such agreements are, in substance, purchases (capital leases) and are reported as capital lease obligations. The District's liability on lease agreements with options to purchase is summarized below:

	<u>School Buses</u>
Balance, July 1, 2009	\$ 5,590,065
Additions	-
Payments	621,118
Balance, June 30, 2010	<u>\$ 4,968,947</u>

The capital leases have minimum lease payments as follows:

<u>Year Ending June 30,</u>	<u>Lease Payment</u>
2011	\$ 621,118
2012	621,118
2013	621,118
2014	621,118
2015	621,118
2016-2018	1,863,357
Total	<u>4,968,947</u>
Less: Amount Representing Interest	734,822
Present Value of Minimum Lease Payments	<u>\$ 4,234,125</u>

Leased land, buildings, and equipment under capital leases in capital assets at June 30, 2010, include the following:

Equipment	\$ 5,238,519
Less: Accumulated depreciation	(1,309,630)
Total	<u>\$ 3,928,889</u>

Amortization of leased buildings and equipment under capital assets is included with depreciation expense.

Accumulated Unpaid Employee Vacation

The long-term portion of accumulated unpaid employee vacation for the District at June 30, 2010, amounted to \$366,339.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

NOTE 10 - POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFITS (OPEB) OBLIGATION

Plan Description

The Postemployment Benefit Plan (the Plan) is a single-employer defined benefit healthcare plan administered by the Perris Union High School District. The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Membership of the Plan consists of five retirees currently receiving benefits.

Contribution Information

For fiscal year 2009-2010, the District contributed \$50,841 to the plan, all of which was used for current premiums (100 percent of total premiums).

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (UAAL) (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the Plan:

Annual required contribution	\$ 50,841
Annual OPEB cost (expense)	50,841
Contributions made	50,841
Net OPEB obligation, beginning of year	-
Net OPEB obligation, end of year	\$ -

Trend Information

Trend information for annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation is as follows:

Year Ended June 30,	Annual OPEB Cost	Actual Employer Contribution	Percentage Contributed	Net OPEB Obligation
2009	\$ 50,841	\$ 50,841	100%	\$ -
2010	50,841	50,841	100%	-

Funded Status and Funding Progress

A schedule of funding progress as of the most recent actuarial valuation is as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Unprojected Unit Credit (b)	Unfunded AAL (UAAL) (b - a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ([b - a] / c)
September 4, 2009	\$ -	\$ 422,310	\$ 422,310	\$ -	\$ 50,163,556	1%

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, investment returns, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. Since this is the first year of implementation, only the current year information is presented.

NOTE 11 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft, damage and destruction of assets; errors and omissions, injuries to employees, life and health of employees and natural disasters. The District purchases coverage for property damage with limits up to a maximum of \$250,000,000, subject to various policy sublimits generally ranging from \$500 to \$100,000,000 and deductibles ranging from \$500 to \$5,000. The District also purchases coverage for general liability claims with limits up to \$1,000,000 per occurrence with excess liability coverage up to \$25,000,000 per occurrence and \$60,000,000 in the aggregate, all subject to various deductibles up to \$5,000 per occurrence. The District participates in a finite risk sharing pool for workers' compensation coverage up to \$150,000,000 per occurrence with no self-insured retention. Employee health benefits are covered by a commercial insurance policy purchased by the District. The District provides health insurance benefits to District employees electing to participate in the plan by paying a monthly premium based on the number of District employees participating in the Plan.

Property and Liability

The District is exposed to various risks of loss related to torts, theft, damage and destruction of assets; errors and omissions, injuries to employees, life and health of employees and natural disasters. During fiscal year ending June 30, 2010, the District pooled for property and liability coverage as a member of Riverside Schools' Insurance Authority, a Joint Powers Authority. Settlement claims have not exceeded the limits of this coverage in any of the past three years.

Workers' Compensation

For fiscal year 2010, the District participated in the Riverside Schools' Risk Management Authority (RSRMA), a Workers' Compensation coverage purchasing pool. The intent of RSRMA is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants. RSRMA, in turn, pools for workers' compensation coverage through their membership in the Protected Insurance Program for Schools and Community Colleges (PIPS), a finite risk sharing pool. Pooling in this manner allows the member districts and joint powers authorities to take advantage of increased purchasing power and greater spread of risk. As a member of PIPS, RSRMA is assigned a rate based on the JPA's overall payroll and loss experience compared to the other members within PIPS. Each participant in RSRMA pays its workers' compensation premium based on its individual rate which is weighted based on their payroll and loss experience within RSRMA. This arrangement insures that each participant shares equally in the overall performance of RSRMA. Participation in RSRMA is limited to districts that can meet the selection criteria.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Employee Medical Benefits

The District is a member of the Riverside Employer/Employee Partnership (REEP) to provide employee health benefits. REEP is a shared risk pool comprised of various school districts. Rates are set through an annual calculation process. The District pays a monthly contribution, which is placed in a common fund from which claim payments are made for all participating districts. Claims are paid for all participants regardless of claims flow. The Board of Directors has a right to return monies to a district subsequent to the settlement of all expenses and claims if a district withdraws from the pool.

NOTE 12 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

CalSTRS

Plan Description

The District contributes to CalSTRS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7919 Folsom Blvd., Sacramento, California 95826.

Funding Policy

Active plan members are required to contribute 8.0 percent of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2009-2010 was 8.25 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalSTRS for the fiscal years ending June 30, 2010, 2009, and 2008, were \$3,205,162, \$3,137,639, and \$3,008,543, respectively, and equal 100 percent of the required contributions for each year.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

CalPERS

Plan Description

The District contributes to the School Employer Pool under the CalPERS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and survivor benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95811.

Funding Policy

Active plan members are required to contribute 7.0 percent of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2009-2010 was 9.709 percent of covered payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalPERS for the fiscal years ending June 30, 2010, 2009, and 2008, were \$1,908,544, \$1,851,468, and \$1,659,892, respectively, and equal 100 percent of the required contributions for each year.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS in the amount of \$1,694,563 (4.267 percent of annual payroll). Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures; however, guidance received from the California Department of Education advises local educational agencies not to record these amounts in the Annual Financial and Budget Report. These amounts have not been included in the budget amounts reported in the General Fund - Budgetary Comparison Schedule. These amounts have been recorded in these financial statements. On behalf payments have been excluded from the calculation of available reserves.

NOTE 13 - COMMITMENTS AND CONTINGENCIES

Grants

The District received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2010.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Litigation

The District is the chartering agency for Choice 2000 Online Charter School (the Charter School). There are currently two legal proceedings pending that could impact prior and future funding of the Charter School's operation as a seat time program. Hearings have been scheduled in 2011 to determine resolution of prior and current year audit findings related to the Charter School. The District will continue to pursue a settlement and legislative options to resolve the issues prior to these hearings. The extent of potential loss to the District is unknown at this time, but based upon the prior and current year annual financial audits a preliminary estimate is \$5.7 million.

Construction Commitments

As of June 30, 2010, the District had the following commitments with respect to the unfinished capital projects:

<u>CAPITAL PROJECTS</u>	<u>Remaining Construction Commitment</u>	<u>Expected Date of Completion</u>
Heritage High School AG Center	\$ 1,897,390	8/31/2011
Heritage High School Marquee	18,922	12/31/2010
Perris High School Stadium Expansion	1,495,920	12/31/2011
Perris High School Swine Shelter	33,924	9/30/2010
High School #4 (Land Acquisition)	2,374,344	8/31/2010
Pinacate Middle School (Phase 1)	2,604,357	12/31/2011
CNG Project	627,408	9/30/2010
E-Rate 12 Project	321,034	6/30/2011
	<u>\$ 9,373,299</u>	

NOTE 14 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS

The District is a member of the Riverside Schools Risk Management Authority (RSRMA), Riverside Employer/Employee Partnership (REEP), and the Riverside Schools' Insurance Authority (RSIA) public entity risk pools. The District pays an annual premium to the applicable entity for its health, workers' compensation, and property liability coverage. The relationships between the District and the pools are such that they are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are generally available from the respective entities.

During the year ended June 30, 2010, the District made payments of \$1,301,405, \$5,665,687, and \$430,176 to RSRMA, REEP, and RSIA respectively, for its workers' compensation health, property liability coverage.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

NOTE 15 - FISCAL ISSUES RELATING TO BUDGET REDUCTIONS

The State of California continues to suffer the effects of a recessionary economy. California school districts are reliant on the State of California to appropriate the funding necessary to continue the level of educational services expected by the State constituency. With the implementation of education trailer bill Senate Bill 16 of the 2009-10 Fourth Extraordinary Session (SBX4 16) (Chapter 23, Statutes of 2009), 25 percent of current year appropriations have now been deferred to a subsequent period, creating significant cash flow management issues for districts in addition to requiring substantial budget reductions, ultimately impacting the ability of California school districts to meet their goals for educational services.

K-12 AVERAGE DAILY ATTENDANCE AT P-2 ⁴	9,340	9,022	8,783	8,523

The General Fund balance has decreased by \$3,384,046 over the past two years. The fiscal year 2010-2011 budget projects a further decrease of \$6,753,184 (60 percent). For a district this size, the State recommends available reserves of at least three percent of total General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating deficits in two of the past three years and anticipates incurring an operating deficit during the 2010-2011 fiscal year. Total long-term obligations have decreased by \$3,015,515 over the past two years.

Average daily attendance has increased by 499 over the past two years. Additional growth of 318 ADA is anticipated during fiscal year 2010-2011.

¹ Budget 2011 is included for analytical purposes only and has not been subjected to audit.

² Available reserves consist of all undesignated fund balances and all funds designated for economic uncertainty contained within the General Fund.

³ On behalf payments of \$1,694,563, 1,757,799, and \$1,691,520, have been excluded from the calculation of available reserves for the fiscal years ending June 30, 2010, 2009, and 2008.

⁴ Excludes adult education and charter school ADA.

See accompanying note to supplementary information.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2010

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of Federal awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The following schedule provides reconciliation between revenues reported on the Statement of Revenue, Expenditures, and Changes in Fund Balance, and in Business-Type Activities and the related expenditures reported on the Schedule of Expenditures of Federal Awards. The reconciling amounts represent Federal funds that have been recorded as revenues that have not been expended by June 30, 2010. The unspent balances are reported as legally restricted ending balances within the General Fund.

Description	CFDA Number	Amount
Total Federal Revenues From the Statement of Revenues, Expenditures and Changes in Fund Balance:		\$ 6,371,727
ARRA - State Fiscal Stabilization Fund	84.394	2,607,063
Medi-Cal Billing Option	93.778	(56,575)
Total Schedule of Expenditures of Federal Awards		<u>\$ 8,922,215</u>

Local Education Agency Organization Structure

This schedule provides information about the District's boundaries and schools operated, members of the governing board, and members of the administration.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

PERRIS UNION HIGH SCHOOL DISTRICT

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2010

Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of *Education Code* Sections 46200 through 46206.

Districts must maintain their instructional minutes at either the 1982-83 actual minutes or the 1986-87 requirement, whichever is greater, as required by *Education Code* Section 46201. Senate Bill 2 of the 2009-2010 Fourth Extraordinary Session (SBX4 2) allows for an equivalent five-day reduction to the required number of instructional minutes for the fiscal years 2009-2010 through 2012-2013.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

Schedule of Charter Schools

This schedule lists all charter schools chartered by the District, and displays information for each charter school on whether or not the charter school is included in the District's audit.

Non-Major Governmental Funds - Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balance is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance.

INDEPENDENT AUDITORS' REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Governing Board
Perris Union High School District
Perris, California

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Perris Union High School District (the District) as of and for the year ended June 30, 2010, which collectively comprise Perris Union High School District's basic financial statements and have issued our report thereon dated November 22, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Perris Union High School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Perris Union High School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Perris Union High School District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Perris Union High School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Perris Union High School District in a separate letter dated November 22, 2010.

This report is intended solely for the information and use of the governing board, management, the California Department of Education, the State Controller's Office, Federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL
EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Governing Board
Perris Union High School District
Perris, California

Compliance

We have audited the compliance of Perris Union High School District (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2010. Perris Union High School District's major Federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major Federal programs is the responsibility of Perris Union High School District's management. Our responsibility is to express an opinion on Perris Union High School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about Perris Union High School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Perris Union High School District's compliance with those requirements.

In our opinion, Perris Union High School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Perris Union High School District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to Federal programs. In planning and performing our audit, we considered Perris Union High School District's internal control over compliance with the requirements that could have a direct and material effect on a major Federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Perris Union High School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis.

A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the governing board, management, the California Department of Education, the State Controller's Office, Federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE**

Governing Board
Perris Union High School District
Perris, California

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Perris Union High School District (the District) as of and for the year ended June 30, 2010, and have issued our report thereon dated November 22, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Standards and Procedures for Audits of California K-12 Local Educational Agencies 2009-10*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Compliance with the requirements of laws, regulations, contracts, and grants listed below is the responsibility of Perris Union High School District's management. In connection with the audit referred to above, we selected and tested transactions and records to determine the Perris Union High School District's compliance with the State laws and regulations applicable to the following items:

	Procedures in Audit Guide	Procedures Performed
Attendance Accounting:		
Attendance reporting	8	Yes
Kindergarten continuance	3	Not Applicable
Independent study	23	Not Applicable
Continuation education	10	Yes
Instructional Time:		
School districts	6	Yes
County offices of education	3	Not Applicable
Instructional Materials:		
General requirements	8	Yes
Ratios of Administrative Employees to Teachers	1	Yes
Classroom Teacher Salaries	1	Yes
Early retirement incentive	4	Not Applicable
Gann limit calculation	1	Yes
School Accountability Report Card	3	Yes
Public hearing requirement - receipt of funds	1	Yes

	Procedures in Audit Guide	Procedures Performed
Class Size Reduction Program (including in Charter Schools):		
General requirements	7	Not Applicable
Option one classes	3	Not Applicable
Option two classes	4	Not Applicable
District or charter schools with only one school serving K-3	4	Not Applicable
After School Education and Safety Program:		
General requirements	4	Not Applicable
After school	4	Not Applicable
Before school	5	Not Applicable
Charter Schools:		
Contemporaneous records of attendance	1	Yes
Mode of instruction	1	Yes
Non classroom-based instruction/independent study	15	No, see below
Determination of funding for non classroom-based instruction	3	No, see below
Annual instruction minutes classroom based	3	Yes

We did not perform testing for non-classroom based instruction/independent study and determination of funding for non-classroom based instruction due to the online interactive nature of the program and the lack of independent study accounting records.

Based on our audit, we found that for the items tested, the Perris Union High School District complied with the State laws and regulations referred to above, except as described in the Schedule of State Award Findings and Questioned Costs section of the accompanying Schedule of Findings and Questioned Costs. Further, based on our audit, for items not tested, nothing came to our attention to indicate that the Perris Union High School District had not complied with the laws and regulations, except as described in the Schedule of State Award Findings and Questioned Costs included in this report. Our audit does not provide a legal determination on Perris Union High School District's compliance with the State laws and regulations referred to above.

This report is intended solely for the information and use of the governing board, management, the California Department of Education, the State Controller's Office, the California Department of Finance, Federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

None reported.

PERRIS UNION HIGH SCHOOL DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2010

The following findings represent instances of noncompliance and/or questioned costs relating to State program laws and regulations. The findings have been coded as follows:

<u>Five Digit Code</u>	<u>AB 3627 Finding Type</u>
40000	State Compliance

2010-1 40000

CHOICE 2000 ONLINE HIGH SCHOOL

Finding

The California Code of Regulations, Title 5, pursuant to Section 47612.5 of the California *Education Code* and in compliance with Article 5.5 Section 51745 through 51749.3 of the California *Education Code* requires that a Non-Classroom Based Charter Program utilize Independent Study attendance accounting procedures.

Questioned Costs

Independent study regulations must be followed to account for attendance in a "non-classroom based" charter program, therefore all 218.23 ADA reported by the school for 2009-2010 should be considered non-allowable for funding purposes. Per the certified June 22, 2010, Second Principal Apportionment, the total General Purpose Entitlement Funding was \$1,337,750 at \$6,130 per ADA, and the Categorical per ADA Block Grant Funding was \$109,115, at \$500 per ADA.

Context

The questioned costs were based upon testing of the attendance records at the Choice 2000 Online High School.

Effect

Due to the application of regular seat time attendance procedures instead of Independent Study attendance accounting, Choice 2000 Online High School is not in compliance with referenced guidelines.

Cause

Choice 2000 Online Charter, a Non-Classroom Based charter school has been in operation since 1994. The school has been utilizing contemporaneous attendance records and a course bell schedule, similar to that of a classroom based high school.

PERRIS UNION HIGH SCHOOL DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2010

Recommendation

The California Code of Regulation, Title 5, pursuant to Section 47612.5 of the California Education Code and in compliance with Article 5.5 Section 51745 through 51749.3 of the California Education Code requires that a Non-Classroom Based Charter Program utilize Independent Study attendance accounting procedures. In order to avoid future penalty, we recommend that the District establish procedures of attendance accounting to be in compliance with the California Education Code.

District Response

The District will continue to work with legal counsel through the appeal process. The District believes Choice 2000 complied with all legal requirements governing the educational program being provided at Choice 2000, and therefore believes ADA should be allowable for funding purposes. Choice 2000 has acted in good faith at all times to comply with the conditions established in law or regulation necessary for apportionment of funding.

PERRIS UNION HIGH SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2010

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's schedule of financial statement findings.

State Award Findings

2009-1 40000

CHOICE 2000 ONLINE HIGH SCHOOL

Finding

The California Code of Regulations, Title 5, pursuant to Section 47612.5 of the California *Education Code* and in compliance with Article 5.5 Section 51745 through 51749.3 of the California *Education Code* requires that a Non-Classroom Based Charter Program utilize Independent Study attendance accounting procedures.

Questioned Costs

Independent study regulations must be followed to account for attendance in a "non-classroom based" charter program, therefore all 155.03 ADA reported by the school for 2008-2009 should be considered non-allowable for funding purposes. Per the certified July 2, 2009, Second Principal Apportionment, the total General Purpose Entitlement Funding was \$1,024,903 at \$6,611 per ADA, and the Categorical per ADA Block Grant Funding was \$77,515, at \$500 per ADA.

Additionally, on September 29, 2009, a revised 2008-2009 P-2 report was submitted with ADA of 163.67. The increase of 8.64 ADA should also be considered non-allowable for funding purposes. The additional General Purpose Entitlement Funding is \$57,119 at \$6,611 per ADA, and the categorical per ADA Block Grant Funding is \$4,320, at \$500 per ADA.

Context

The questioned costs were based upon testing of the attendance records at Choice 2000 Online High School.

Effect

Due to the application of regular seat time attendance procedures instead of Independent Study attendance accounting, Choice 2000 Online High School is not in compliance with referenced guidelines.

Cause

Choice 2000 Online Charter, a Non-Classroom Based charter school has been in operation since 1994. The school has been utilizing contemporaneous attendance records and a course bell schedule, similar to that of a classroom based high school.

PERRIS UNION HIGH SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2010

Recommendation

The California Code of Regulation, Title 5, pursuant to Section 47612.5 of the California Education Code and in compliance with Article 5.5 Section 51745 through 51749.3 of the California Education Code requires that a Non-Classroom Based Charter Program utilize Independent Study attendance accounting procedures. In order to avoid future penalty, we recommend that the District establish procedures of attendance accounting to be in compliance with the California Education Code.

Current Status

Not implemented, see 2010-1.

Governing Board
Perris Union High School District
Perris, California

In planning and performing our audit of the financial statements of Perris Union High School District (the District), for the year ended June 30, 2010, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

This letter does not affect our report dated November 22, 2010, on the government-wide financial statements of Perris Union High School District.

ASSOCIATED STUDENT BODY (ASB)

Perris High School

Observation

Bank reconciliations are not being prepared for bank statements received.

Recommendation

The purpose of performing the monthly reconciliation is to ensure that no errors have occurred in the banks' posting of transactions and that the agency and trust balances, and monthly activity is accurately reported.

Observation

In reviewing the financial statements for the student body accounts we noted negative balances. Since the student body accounts represent individual portions of the cash and asset pool, by some having negative balances, they have in actuality spent the available funds of other accounts.

Recommendation

The site bookkeeper has a fiduciary responsibility to all student body organizations to act in each groups best interest. By allowing certain clubs to spend in excess of their available reserves, the bookkeeper is not meeting this responsibility to the other clubs and organizations. Request for disbursements from student groups should be reviewed for appropriateness and also to ensure that funds are available in the groups account.

Observation

The revenue potential forms are incomplete. The front page of the packet is an approval form for the fund raiser; this is regularly completed. The second page is the actual revenue potential form and in reviewing these, we found that the majority of them are not completed or are completed incorrectly.

Recommendation

Revenue earned in the Student Body Fund is subject to greater risk of loss due to the nature of the fundraising events and decentralization of the cash collection procedures. Increased internal control procedures over these activities will assist the District in decreasing the risk of potential losses of the student body funds. One important internal control feature is the Revenue Potential Form. The revenue potential form is important because it shows whether or not all the monies that should have been raised and turned in actually were based on the price of the item and number sold. The form is also used to document overages and shortages or losses of merchandise. A secondary tool that the form accomplishes is to allow the bookkeeper to compare the advisors log of the deposits made for the fundraiser to the financial records of the appropriate account to ensure that all entries were correctly posted. The site administrator should ensure that these forms are completed and turned in to the bookkeeper at the conclusion of the fundraiser.

Heritage High School

Observation

Tickets are not adequately safeguarded and no ticket control log is maintained. Ticket tally forms are not properly completed.

Recommendation

Because tickets are sold and have a cash value, they should be appropriately safeguarded and kept record of to prevent theft or manipulation.

Observation

In reviewing the financial statements for the student body accounts we noted negative balances. Since the student body accounts represent individual portions of the cash and asset pool, by some having negative balances, they have in actuality spent the available funds of other accounts.

Recommendation

The site bookkeeper has a fiduciary responsibility to all student body organizations to act in each groups best interest. By allowing certain clubs to spend in excess of their available reserves, the bookkeeper is not meeting this responsibility to the other clubs and organizations. Request for disbursements from student groups should be reviewed for appropriateness and also to ensure that funds are available in the groups account.

We will review the status of the current year comments during our next audit engagement.
